

# Rarefaction curves: mean sum of variances of uncorrected RAW distance matrix in epoch-length bins

Early Triassic

Middle Triassic

Late Triassic

Early Jurassic

Middle Jurassic

Late Jurassic

Early Cretaceous

Late Cretaceous

Taxon count

# Rarefaction curves: mean sum of variances of uncorrected GED distance matrix in epoch-length bins

Early Triassic

Middle Triassic

Late Triassic

Early Jurassic

Middle Jurassic

Late Jurassic

Early Cretaceous

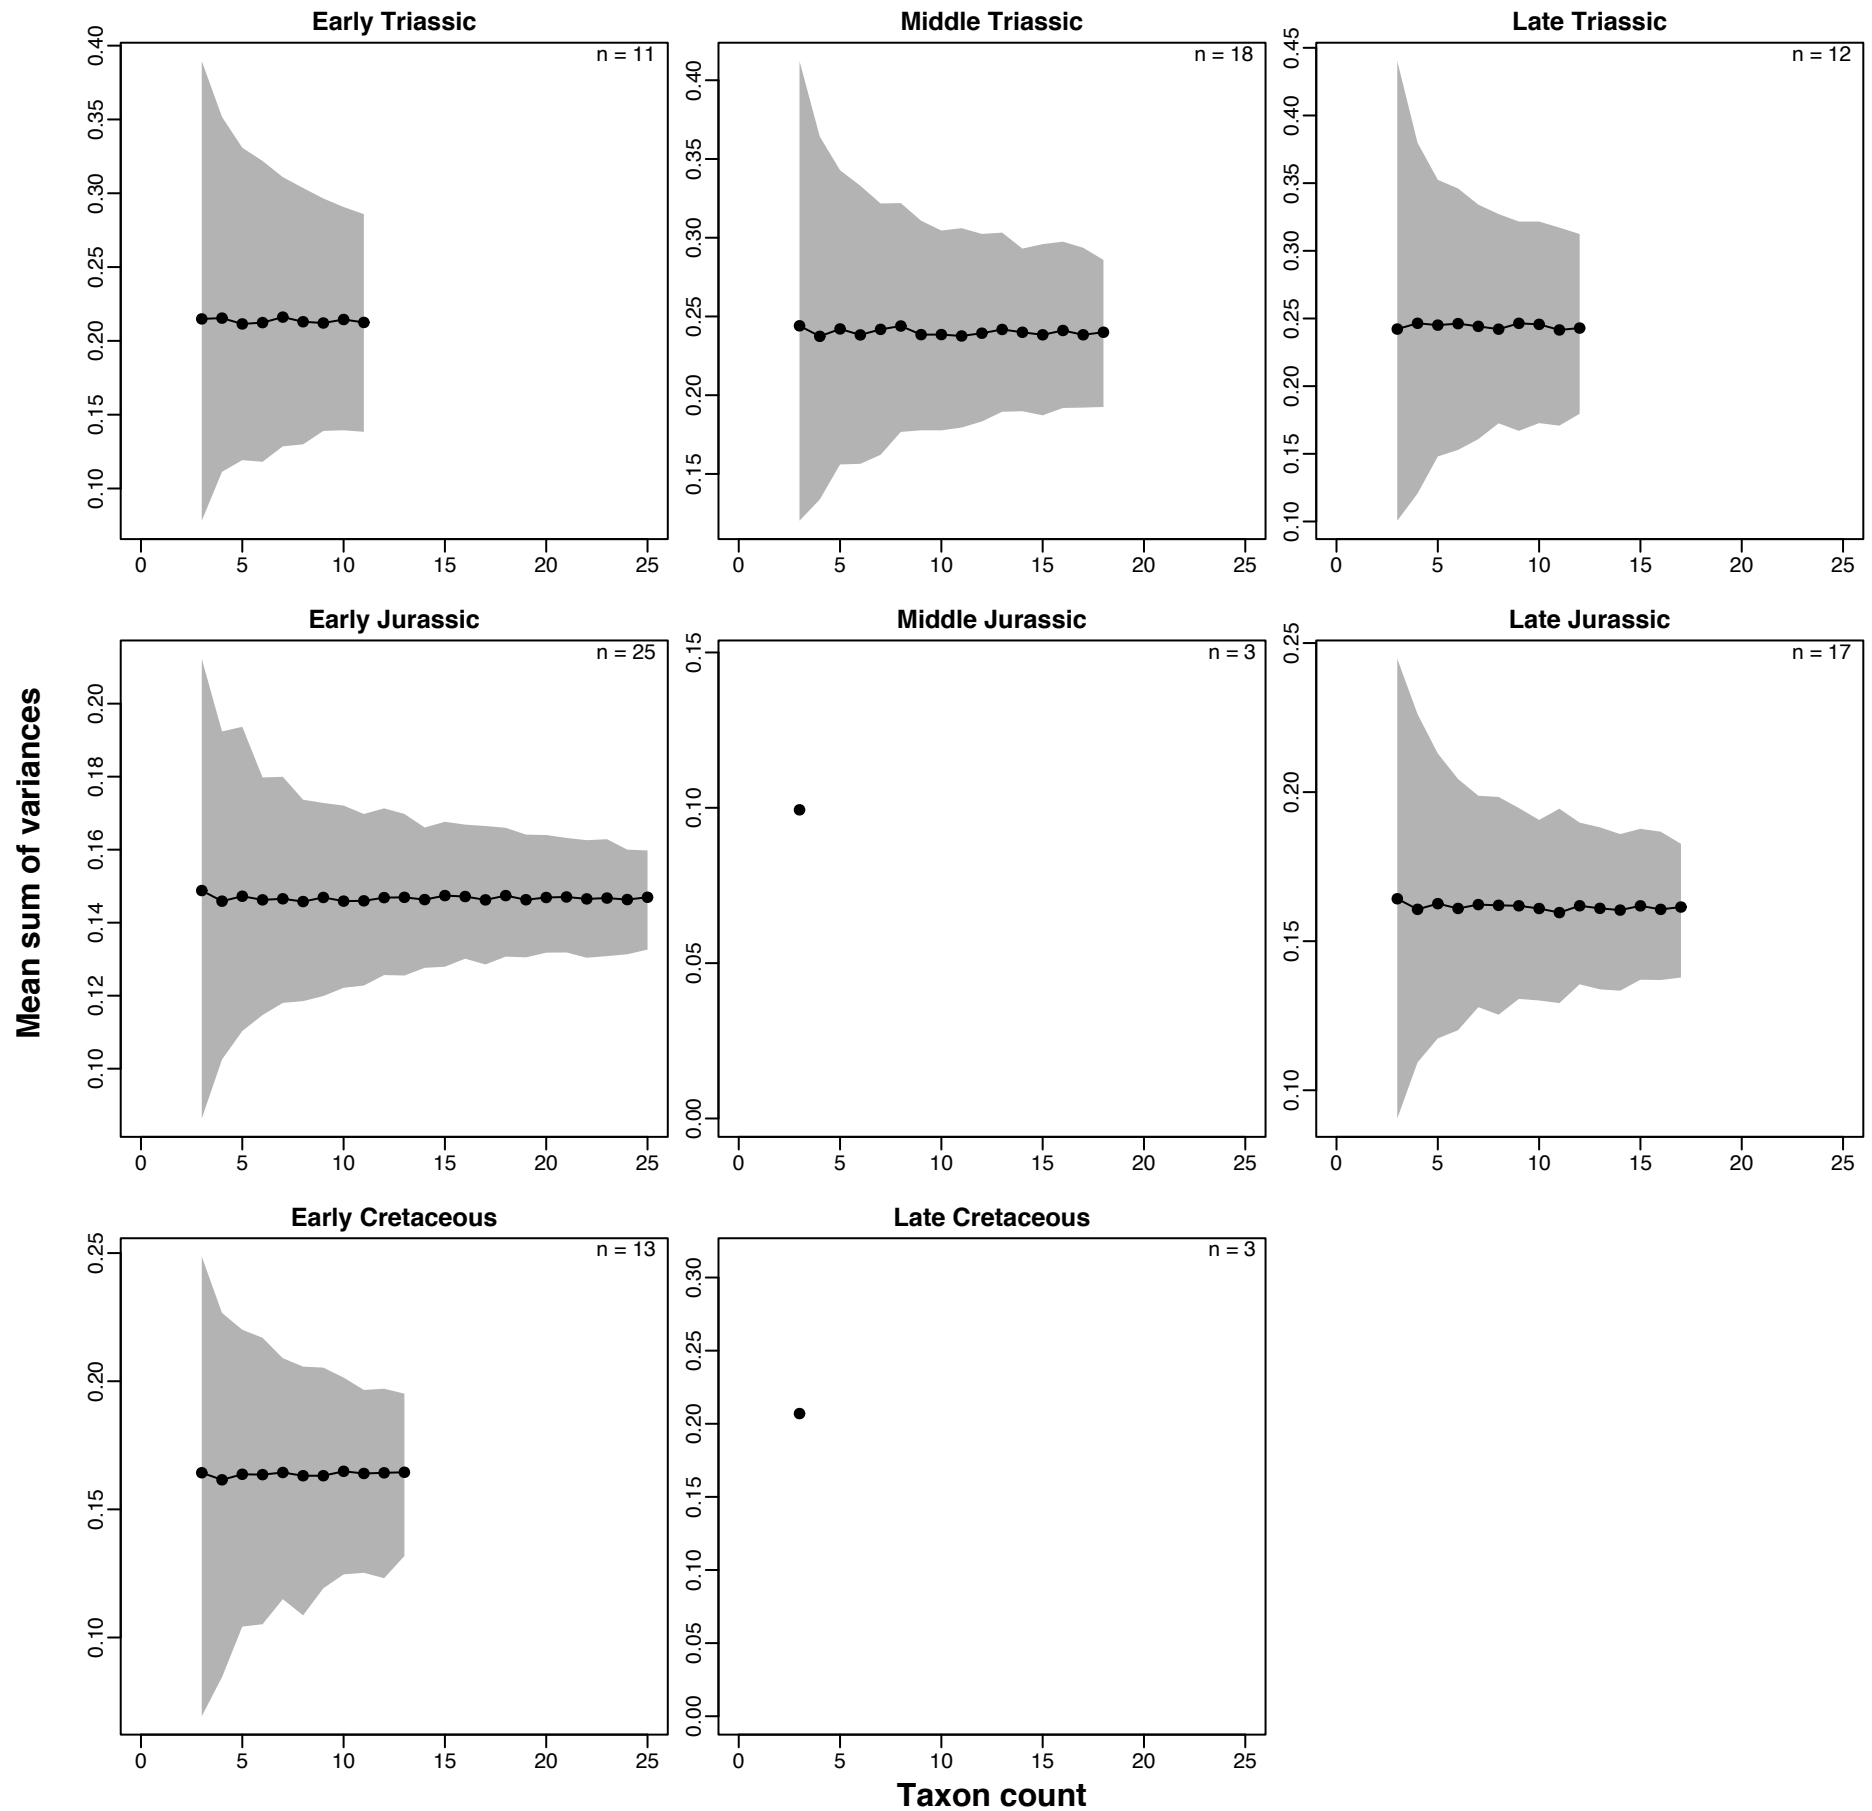

Late Cretaceous

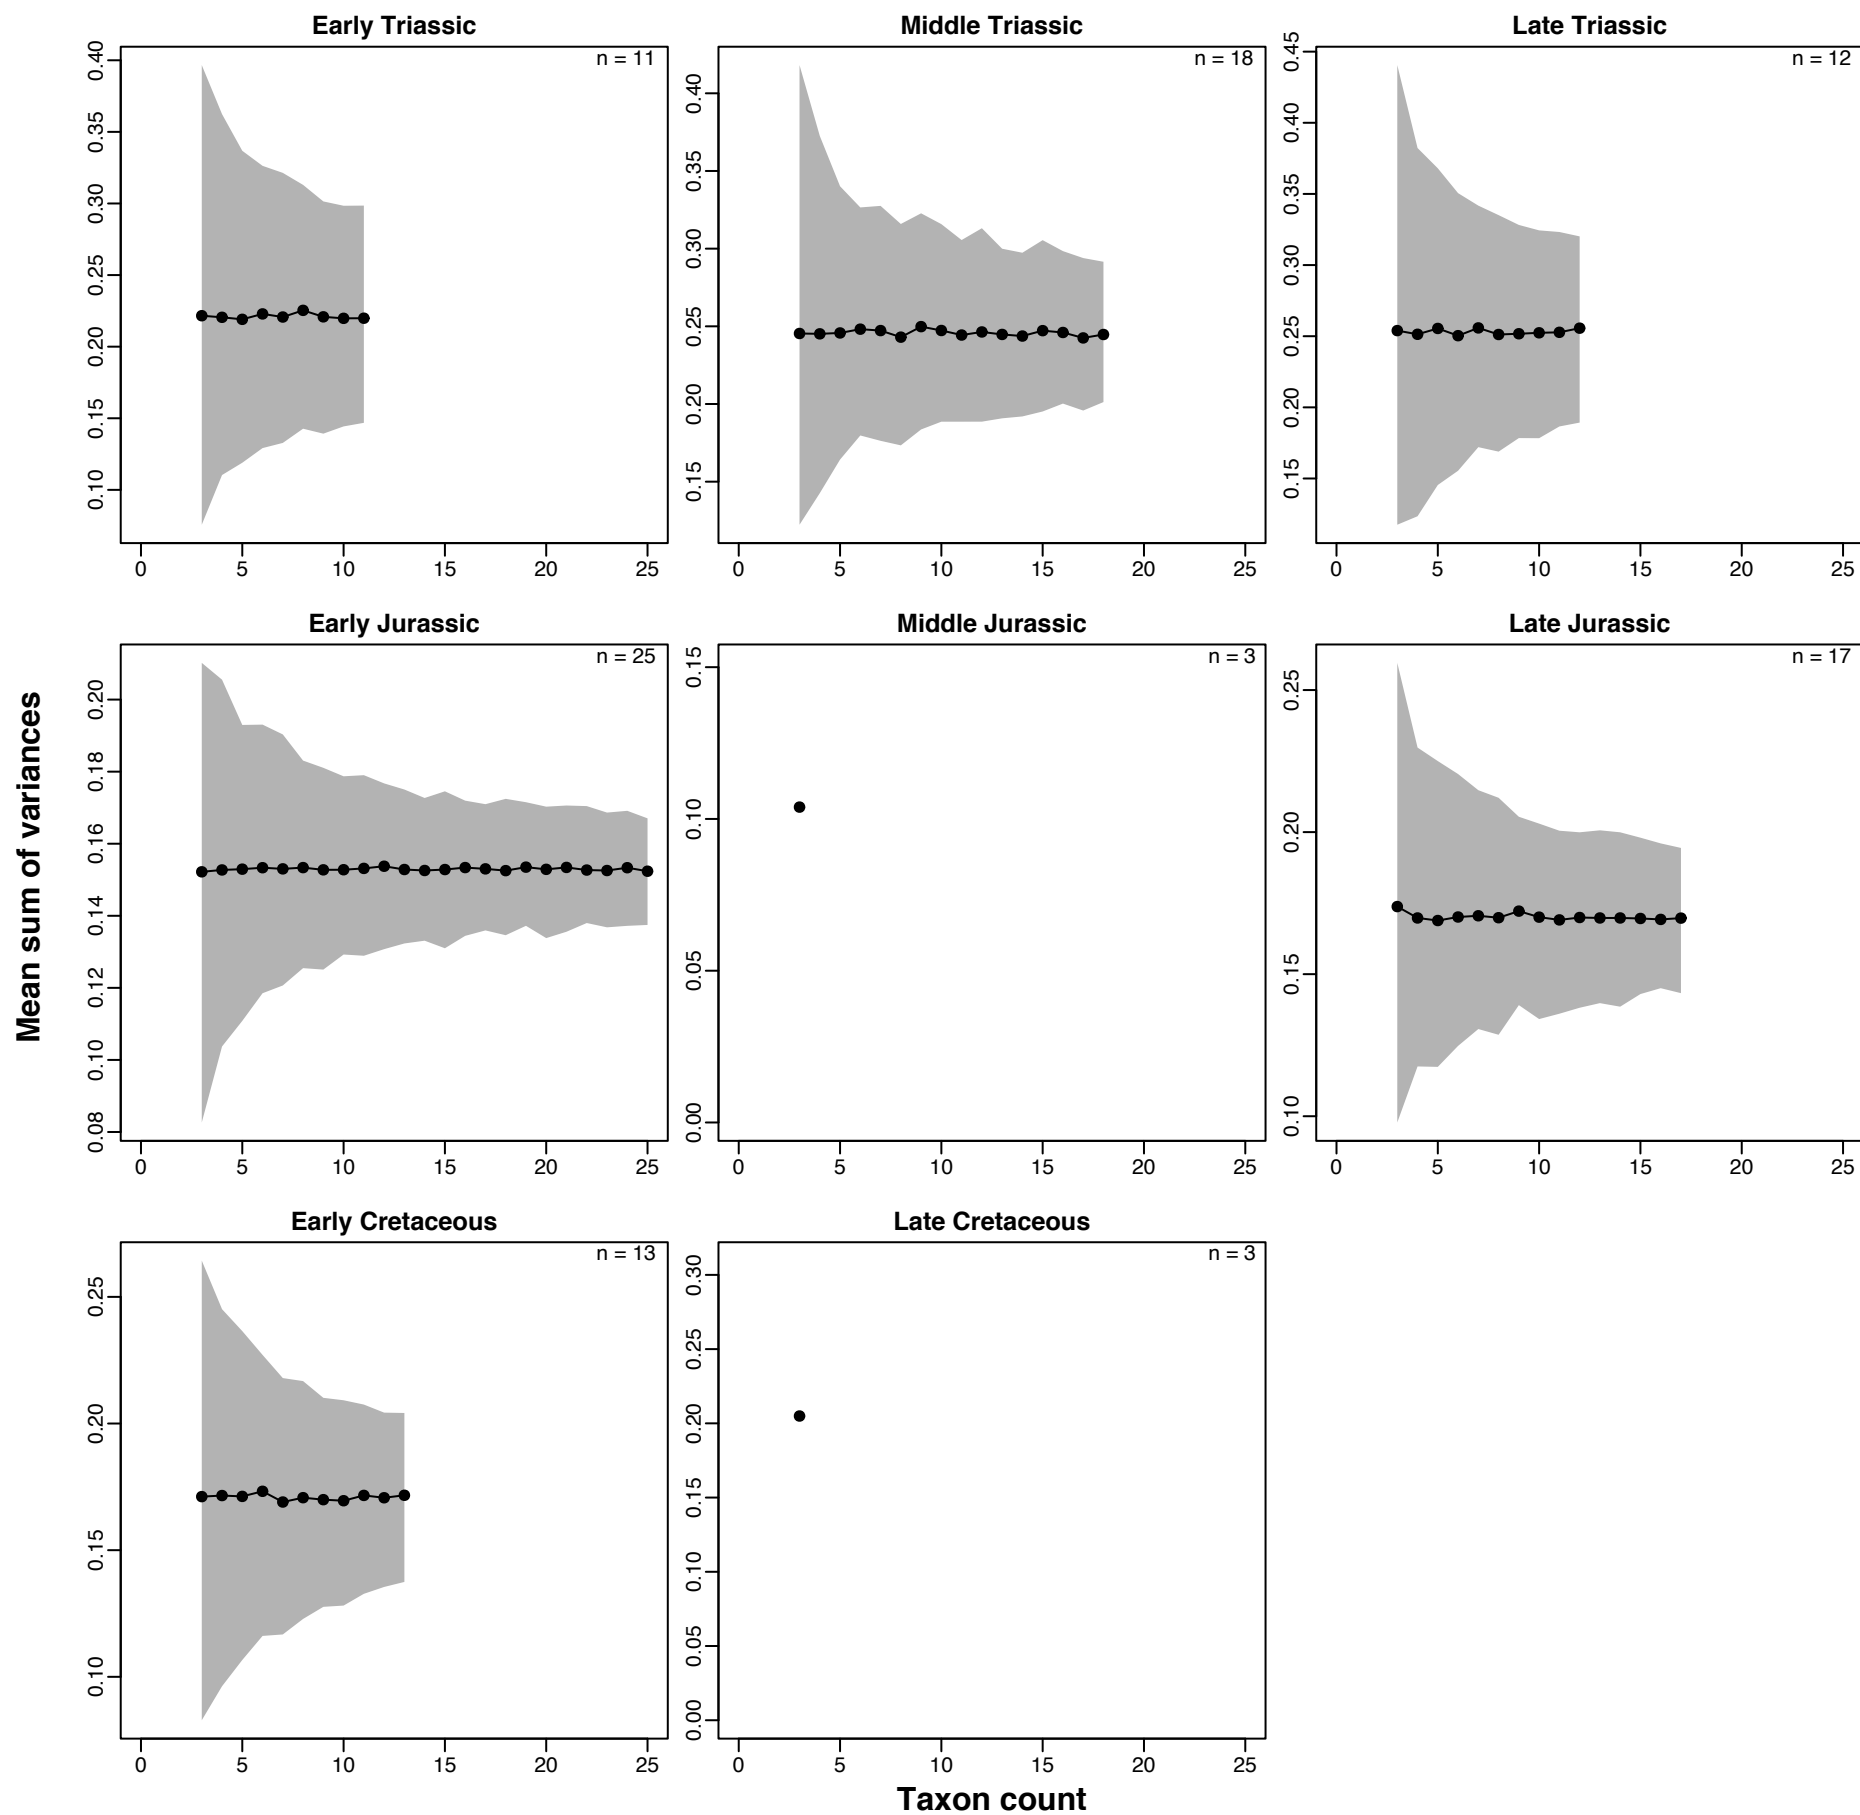

Taxon count

# Rarefaction curves: mean sum of variances of uncorrected GOW distance matrix in epoch-length bins

# Rarefaction curves: mean sum of variances of uncorrected MAX distance matrix in epoch-length bins

# Rarefaction curves: mean sum of variances of Caillez-corrected RAW distance matrix in epoch-length bins

Early Triassic

Taxon count

# Rarefaction curves: mean sum of variances of uncorrected RAW distance matrix in 10 Ma bins

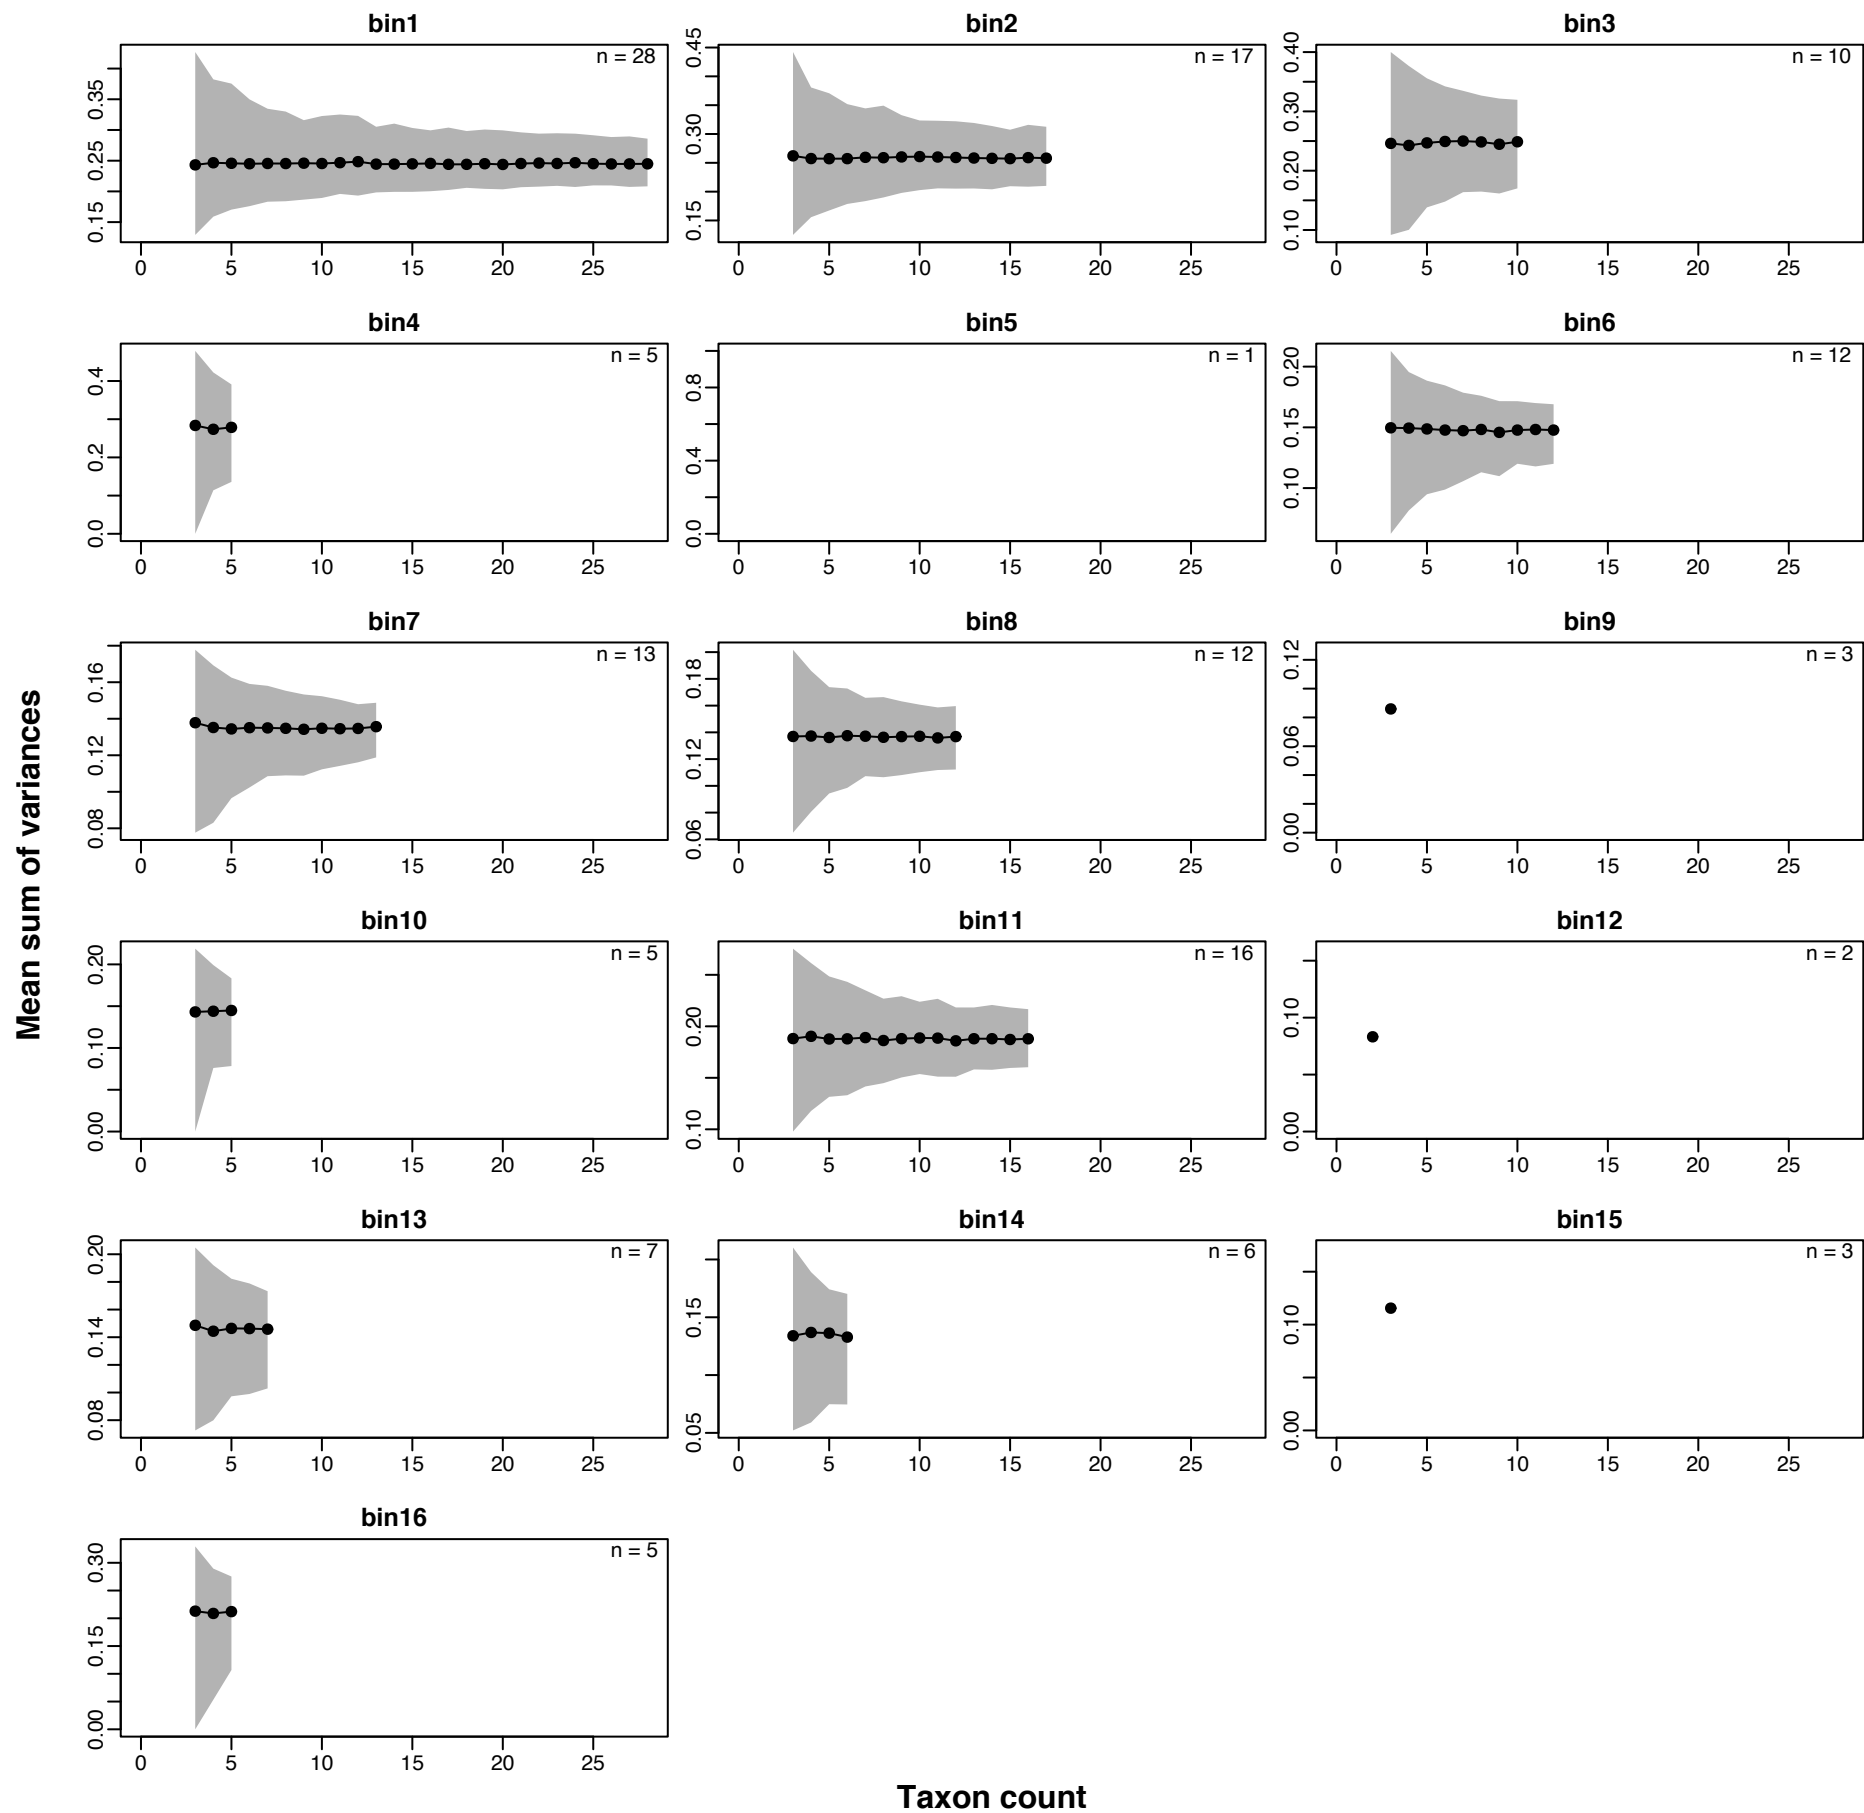

# Rarefaction curves: mean sum of variances of uncorrected GED distance matrix in 10 Ma bins

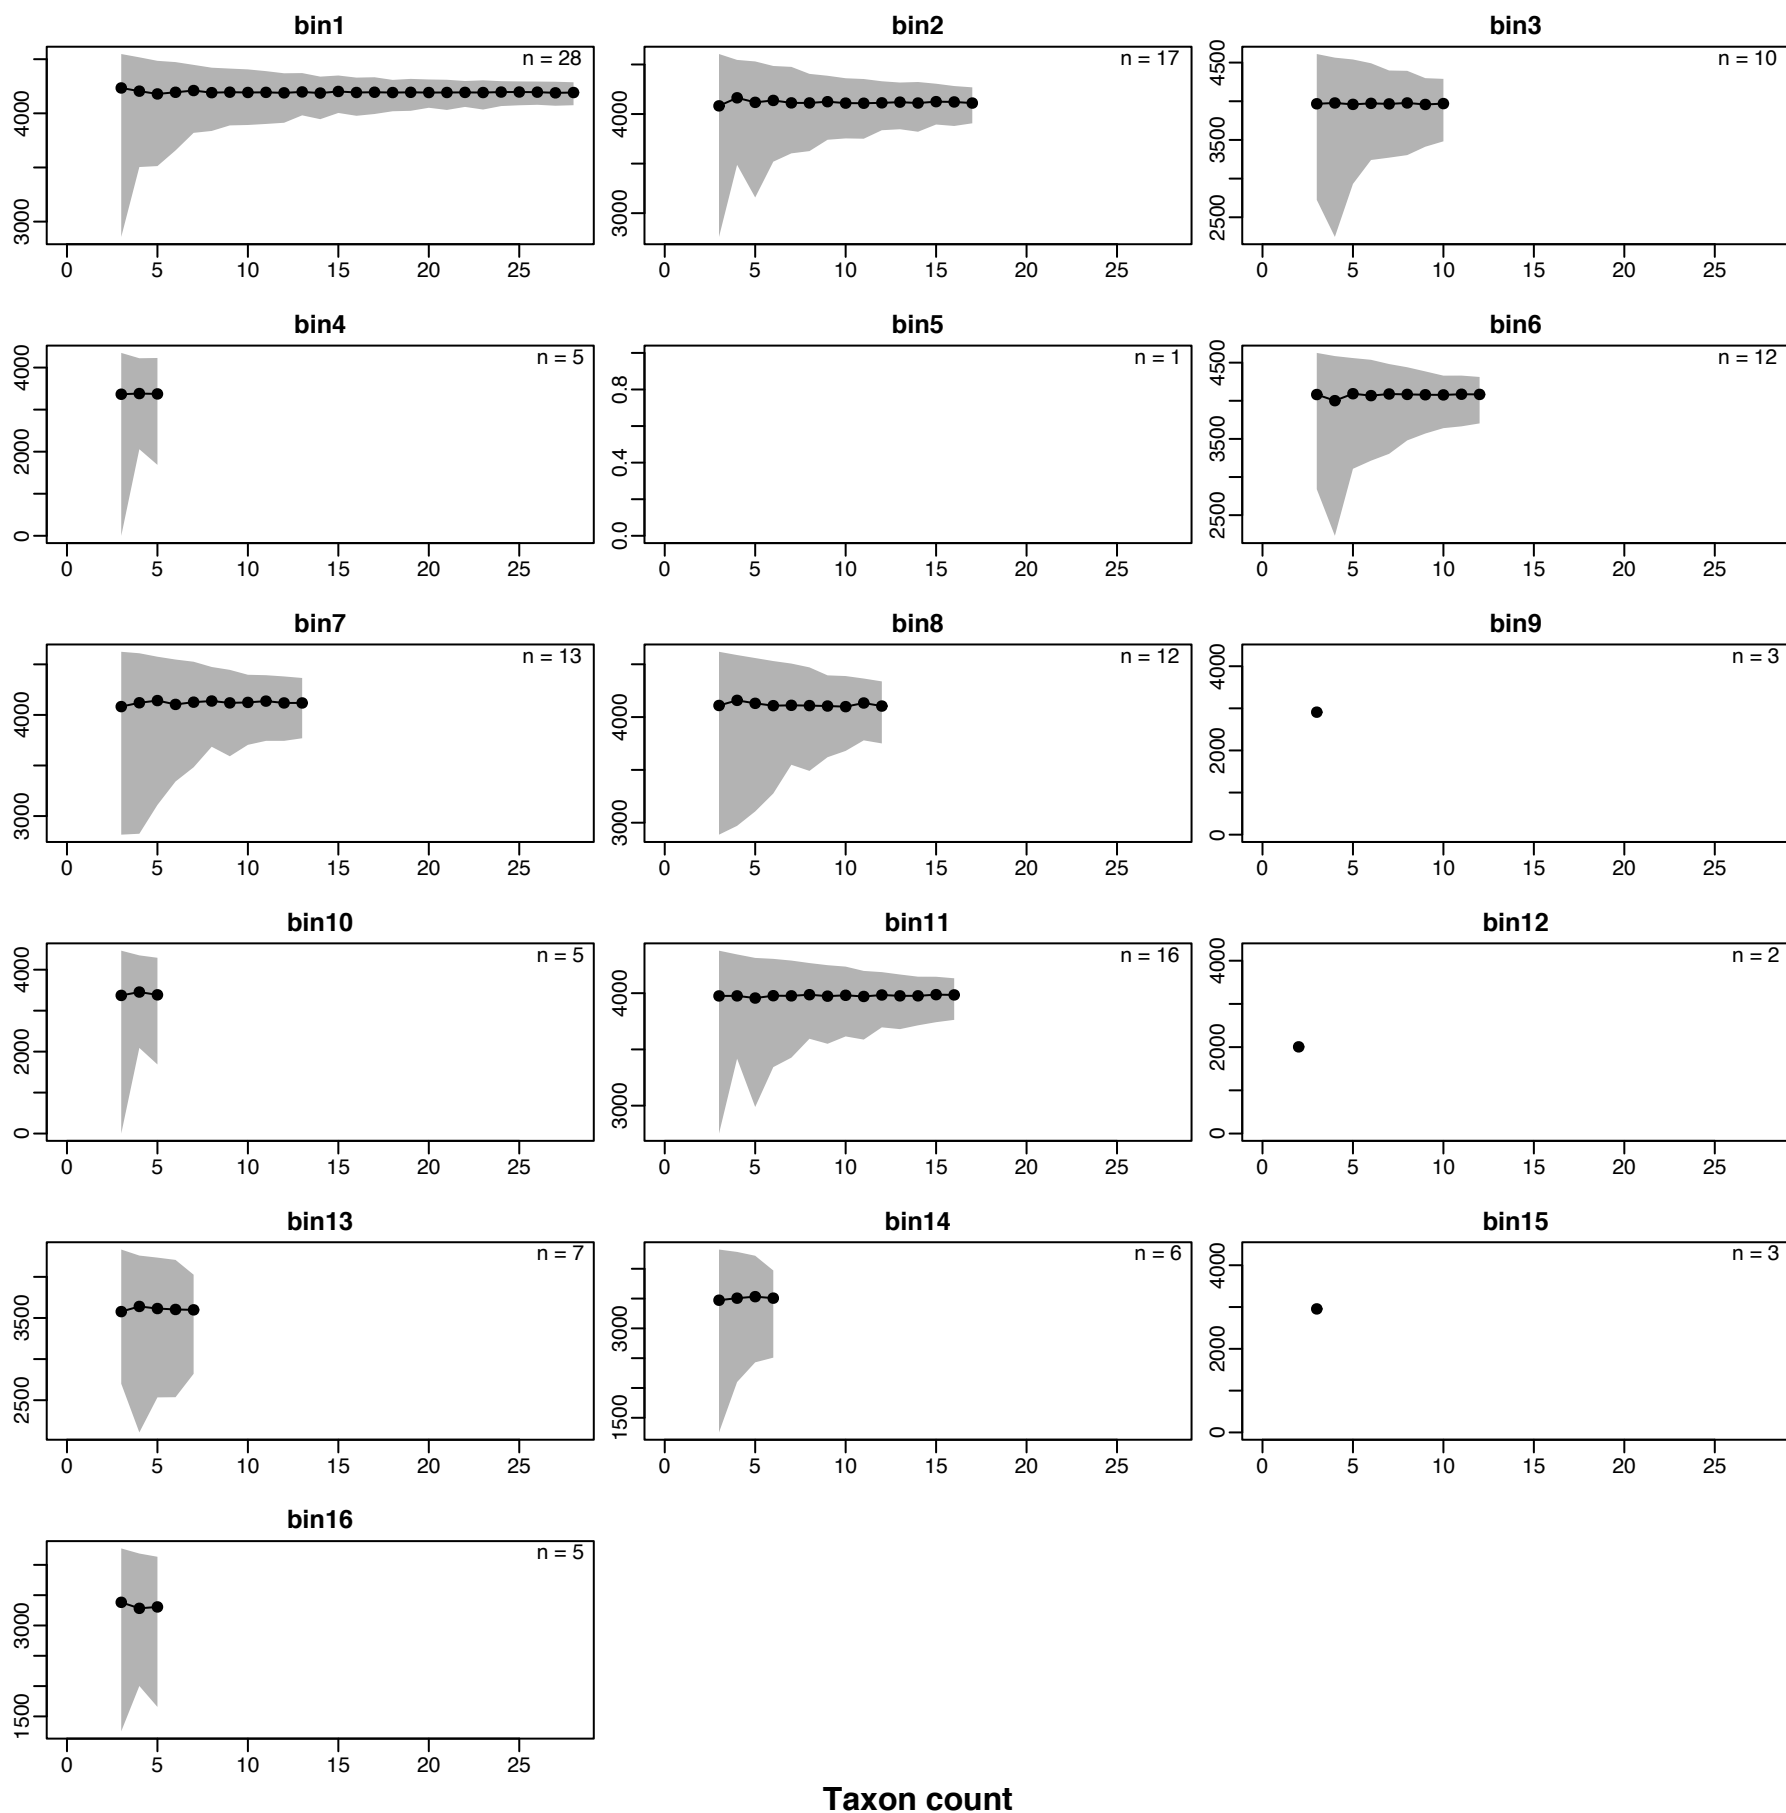

# Rarefaction curves: mean sum of variances of uncorrected GOW distance matrix in 10 Ma bins

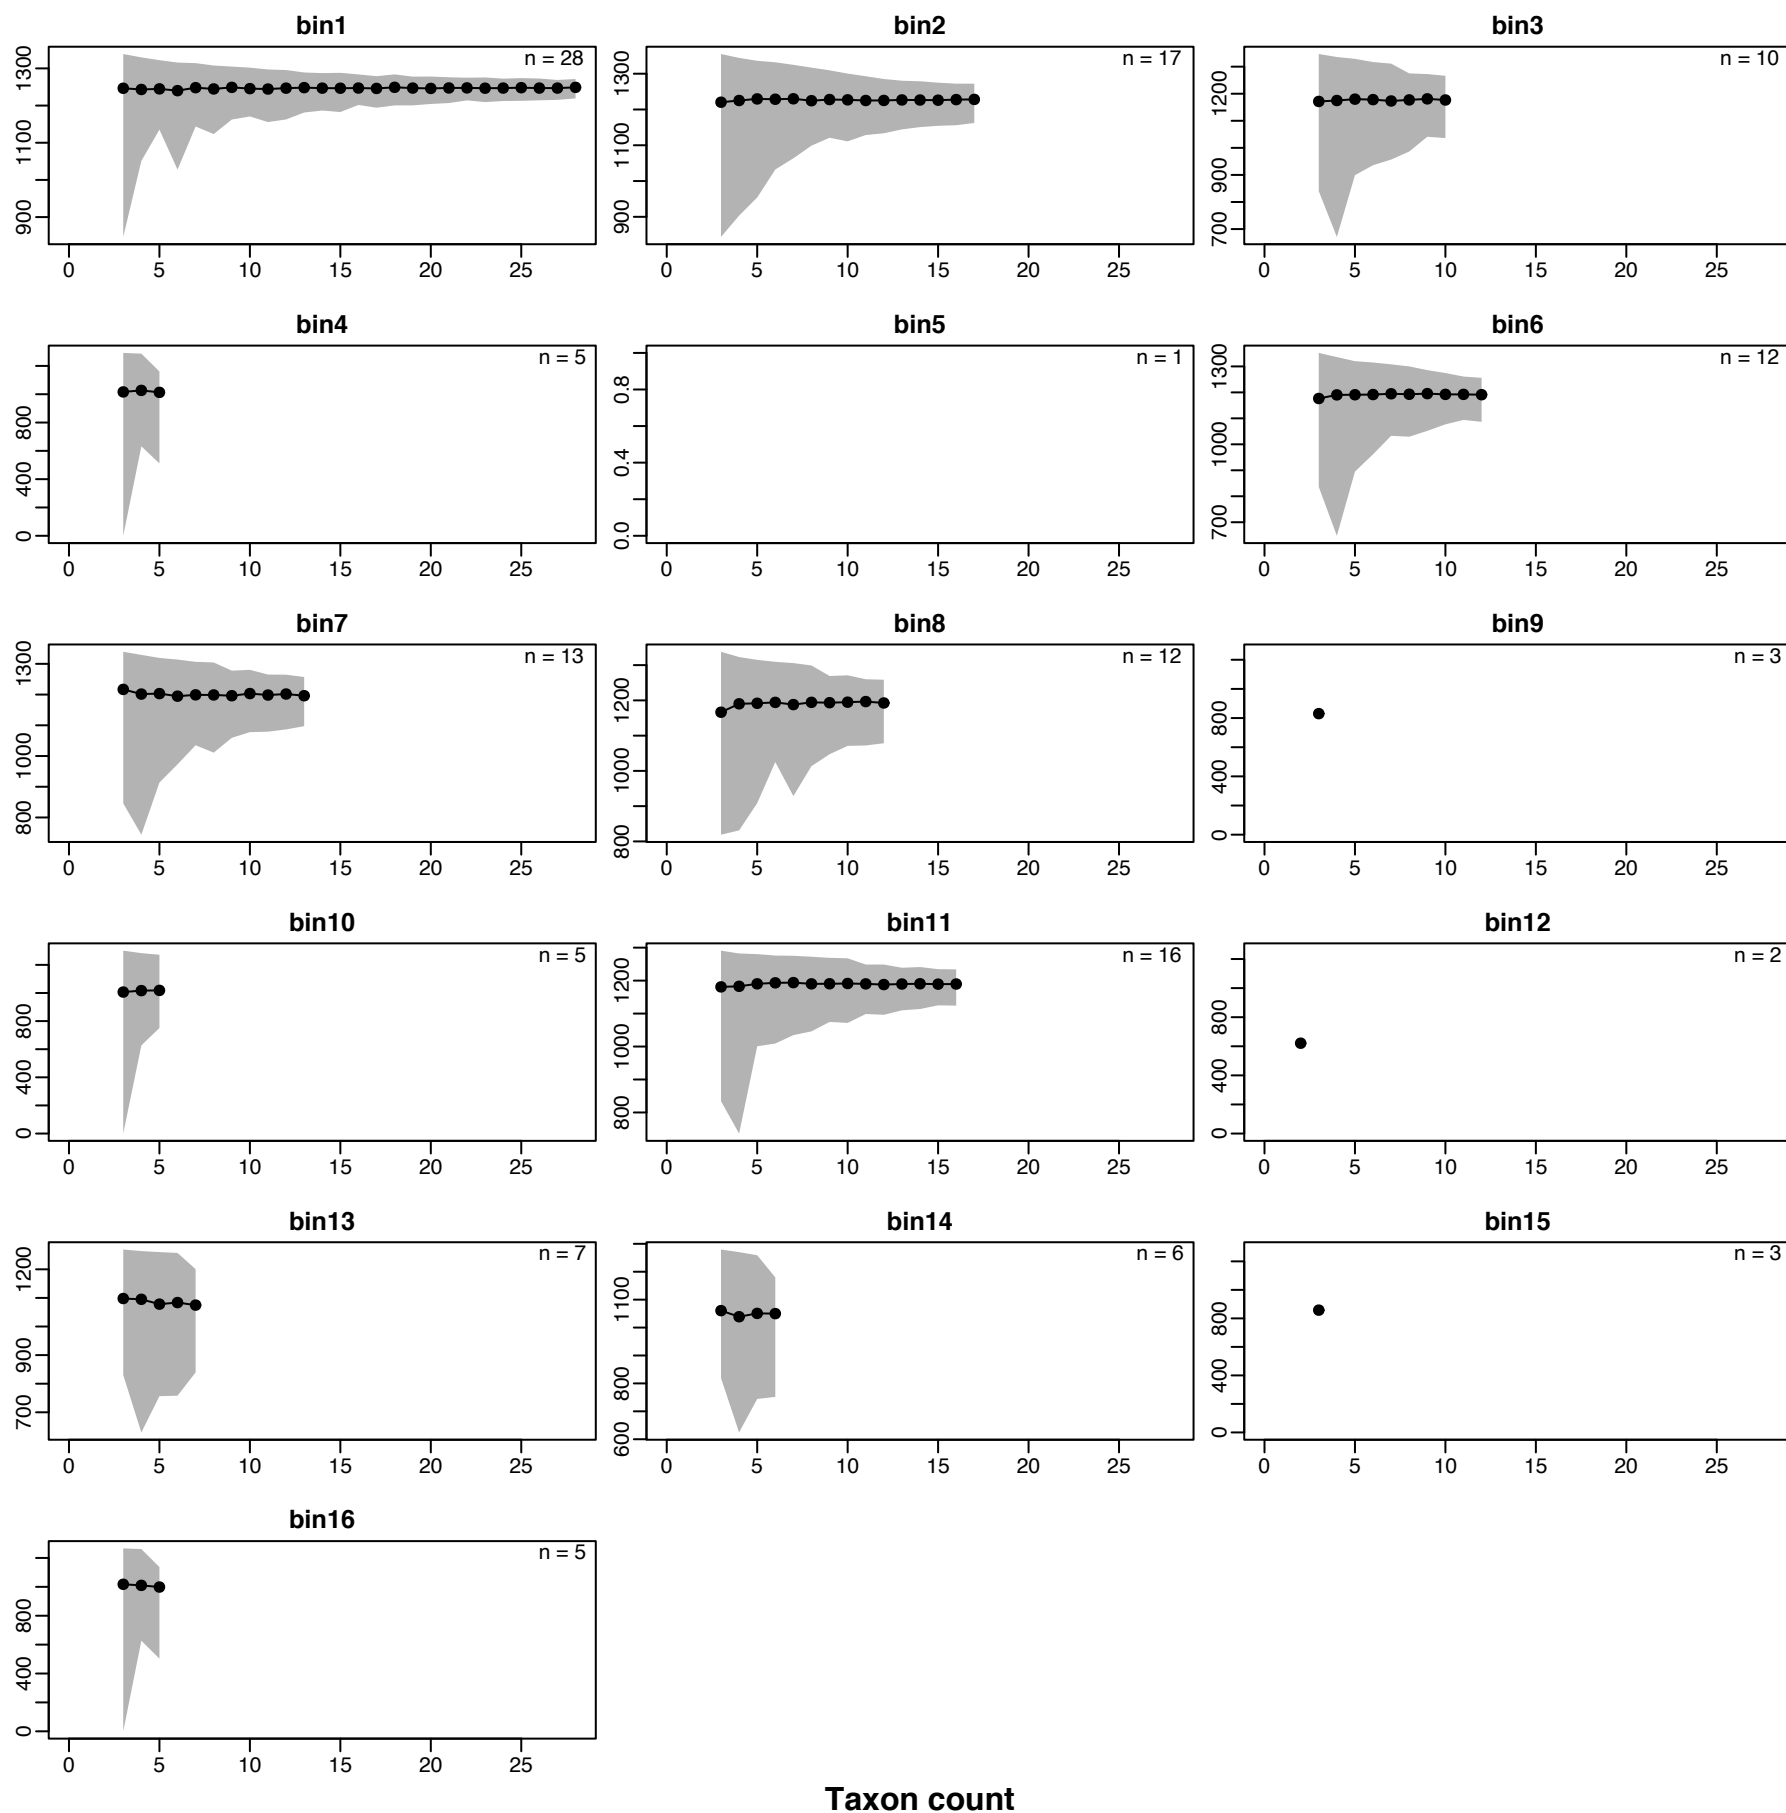

# Rarefaction curves: mean sum of variances of uncorrected MAX distance matrix in 10 Ma bins

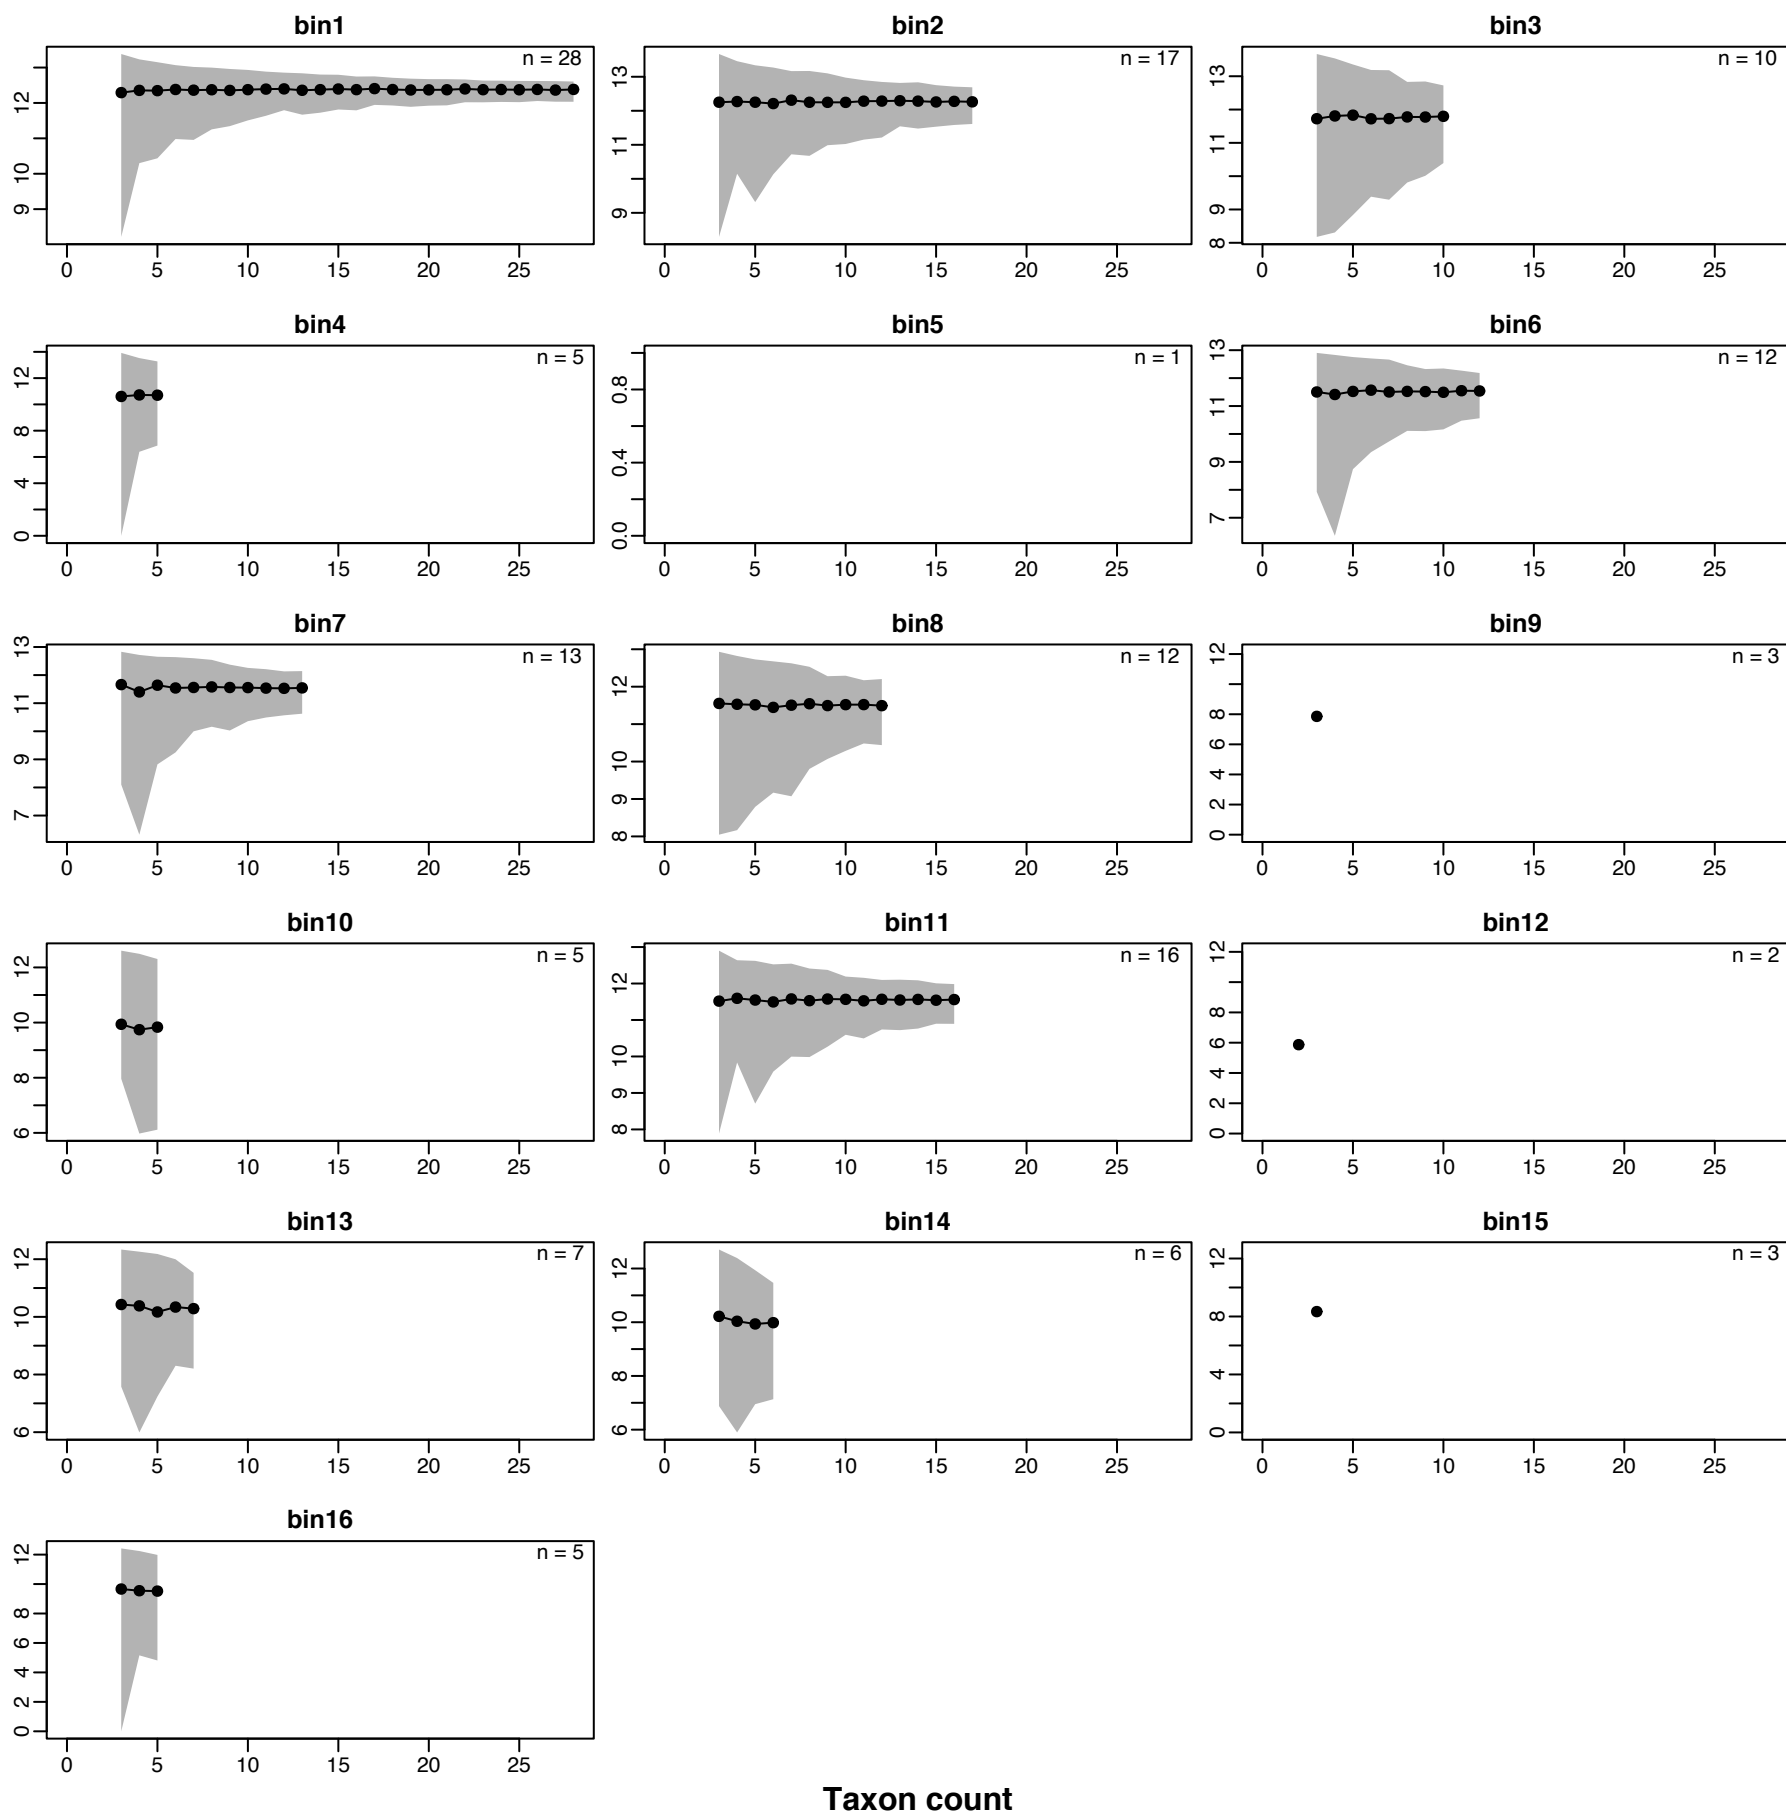

# Rarefaction curves: mean sum of variances of Caillez-corrected RAW distance matrix in 10 Ma bins

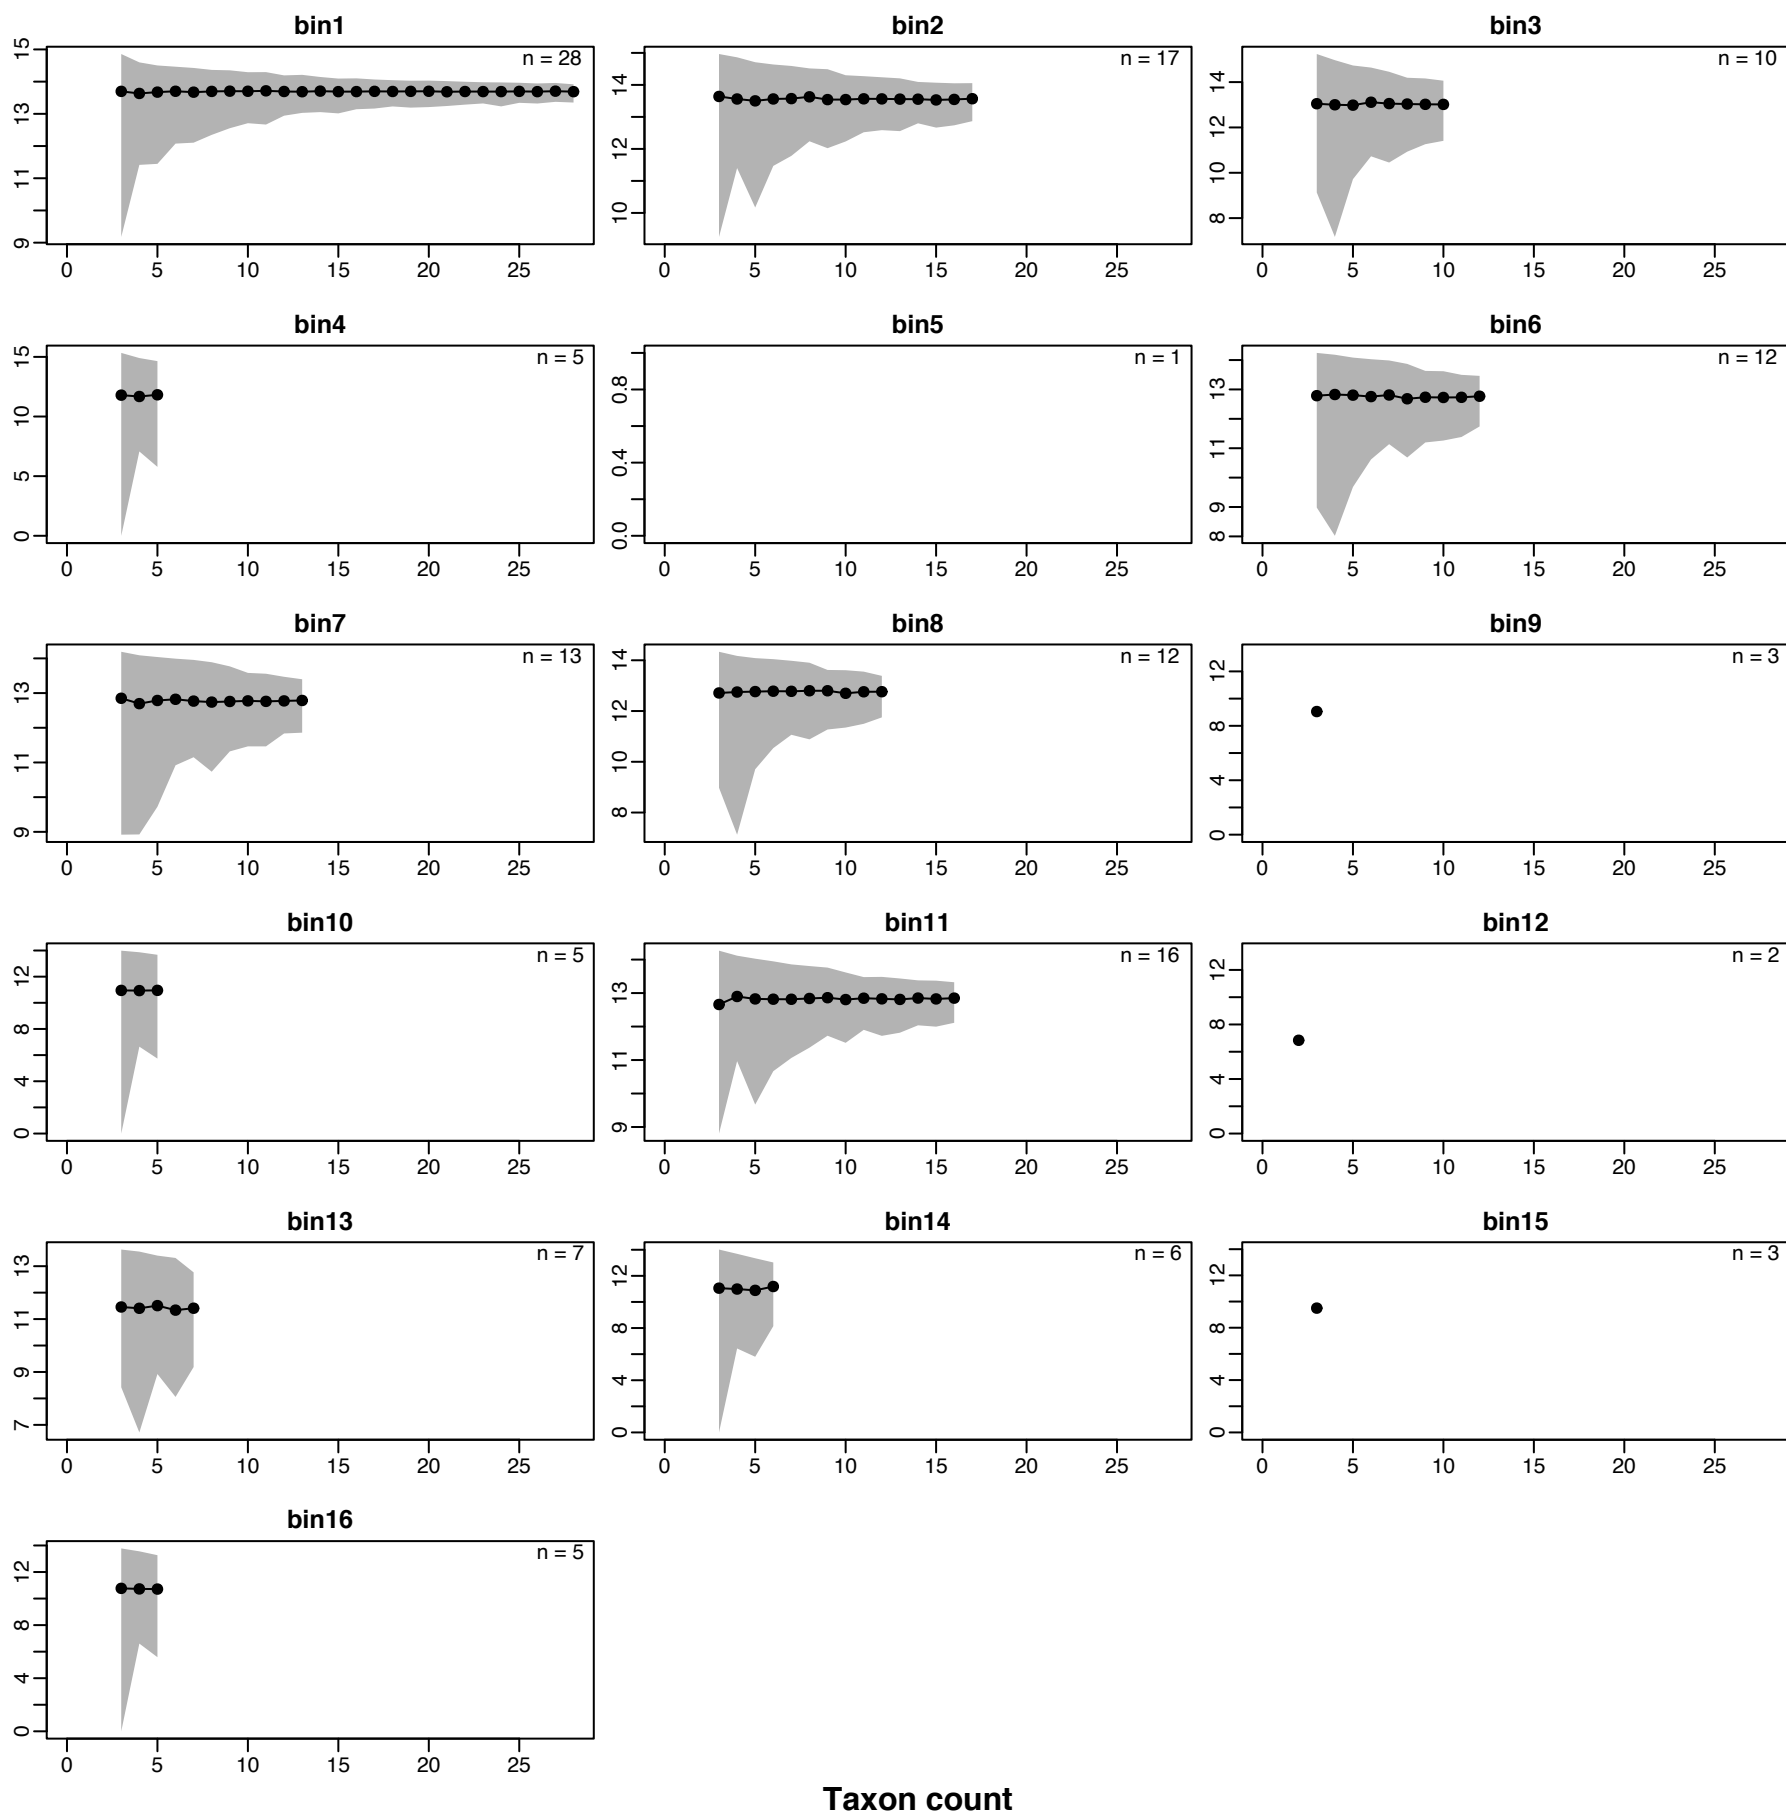

# Rarefaction curves: mean sum of variances of Caillez-corrected GED distance matrix in 10 Ma bins

# Rarefaction curves: mean sum of variances of Caillez-corrected GOW distance matrix in 10 Ma bins

# Rarefaction curves: mean sum of variances of Caillez-corrected MAX distance matrix in 10 Ma bins

# Rarefaction curves: mean sum of ranges of uncorrected RAW distance matrix in epoch-length bins

# Rarefaction curves: mean sum of ranges of uncorrected GED distance matrix in epoch-length bins

Mean sum of ranges

Taxon count

# Rarefaction curves: mean sum of ranges of uncorrected GOW distance matrix in epoch-length bins

# Rarefaction curves: mean sum of ranges of uncorrected MAX distance matrix in epoch-length bins

# Rarefaction curves: mean sum of ranges of Caillezeu-corrected RAW distance matrix in epoch-length bins

Mean sum of ranges

# Rarefaction curves: mean sum of ranges of Caillezeu-corrected GED distance matrix in epoch-length bins

# Rarefaction curves: mean sum of ranges of Caillezeu-corrected GOW distance matrix in epoch-length bins

Mean sum of ranges

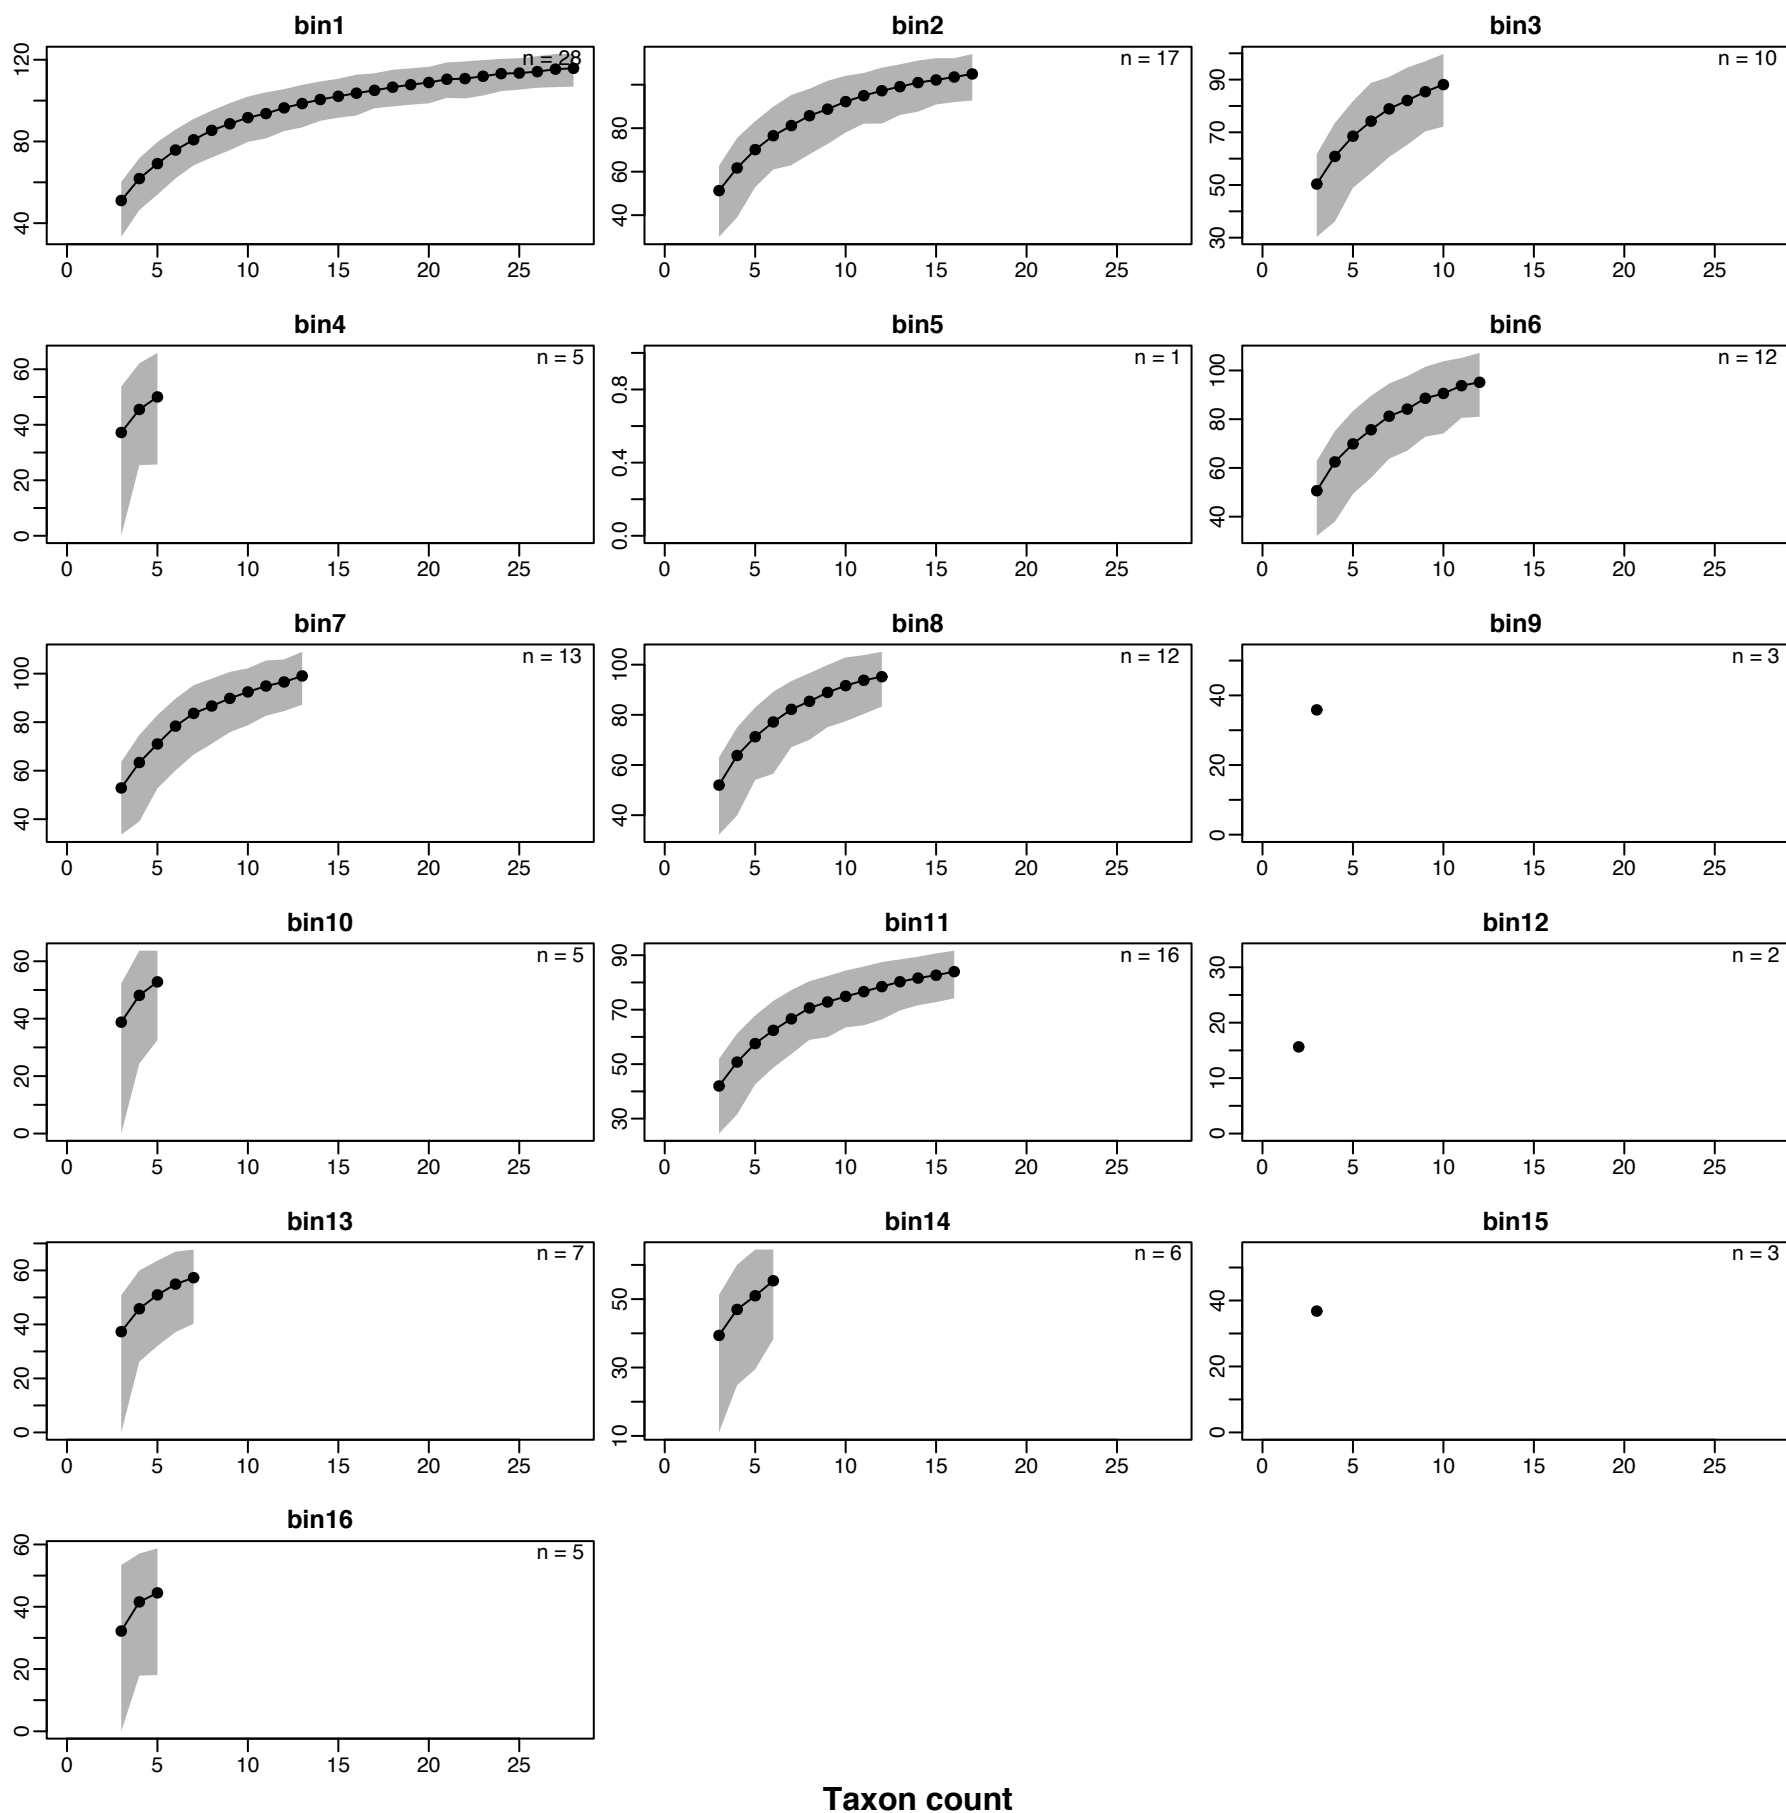

Taxon count

# Rarefaction curves: mean sum of ranges of Caillezeu-corrected MAX distance matrix in epoch-length bins

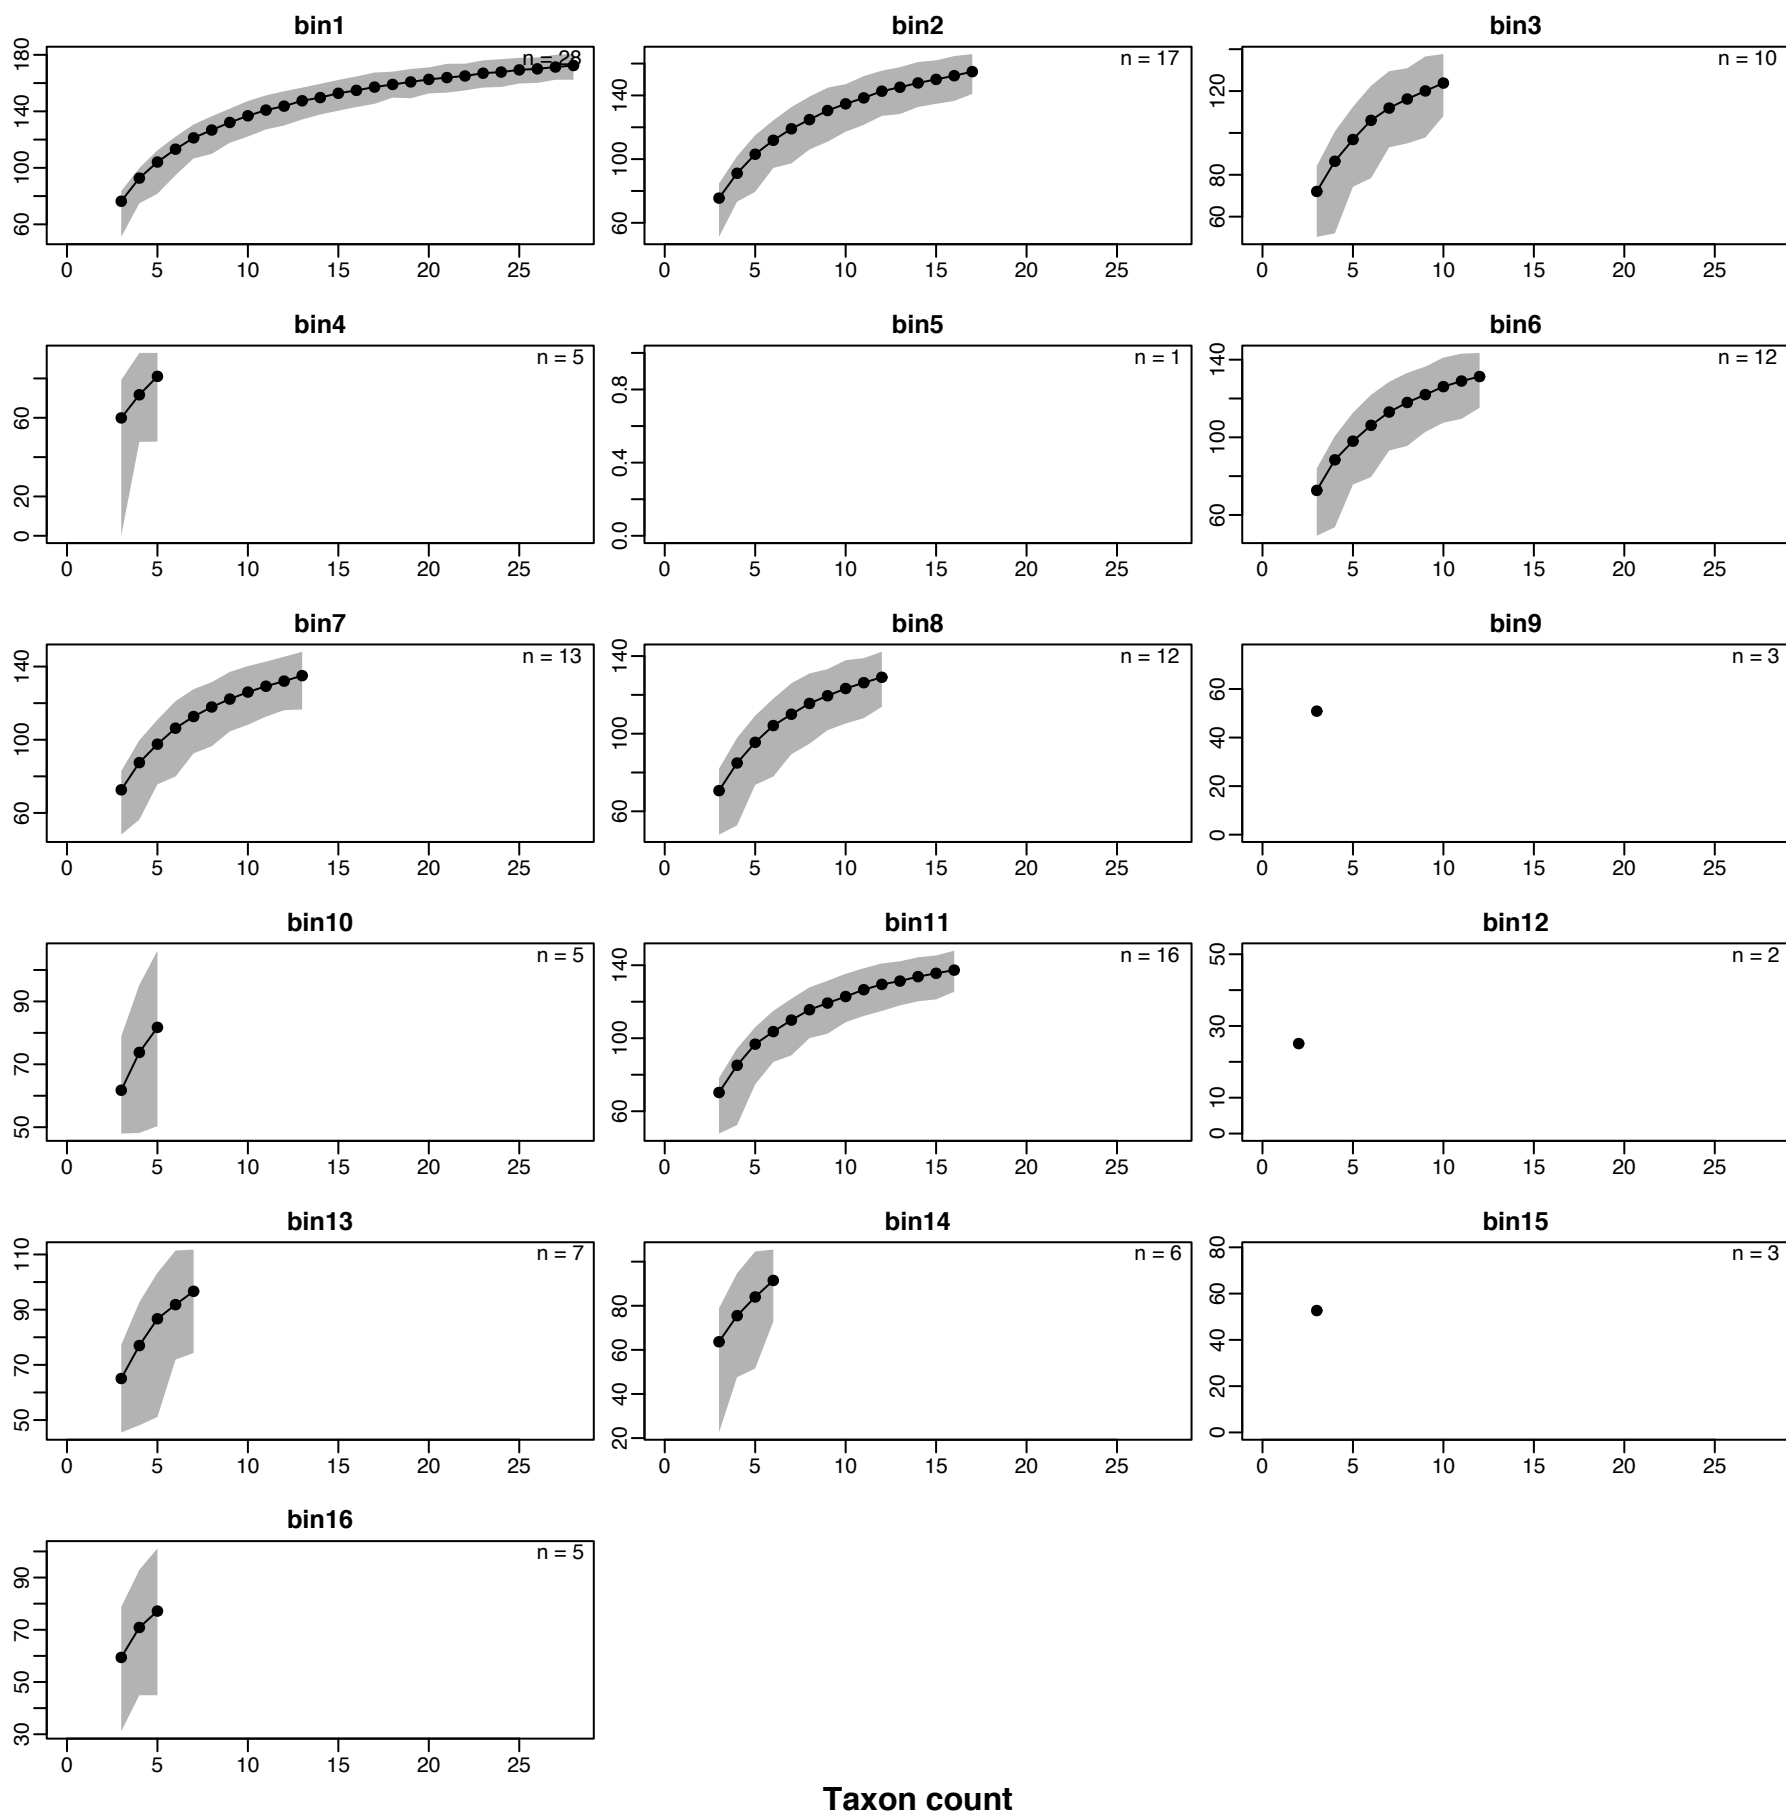

# Rarefaction curves: mean sum of ranges of uncorrected RAW distance matrix in 10 Ma bins

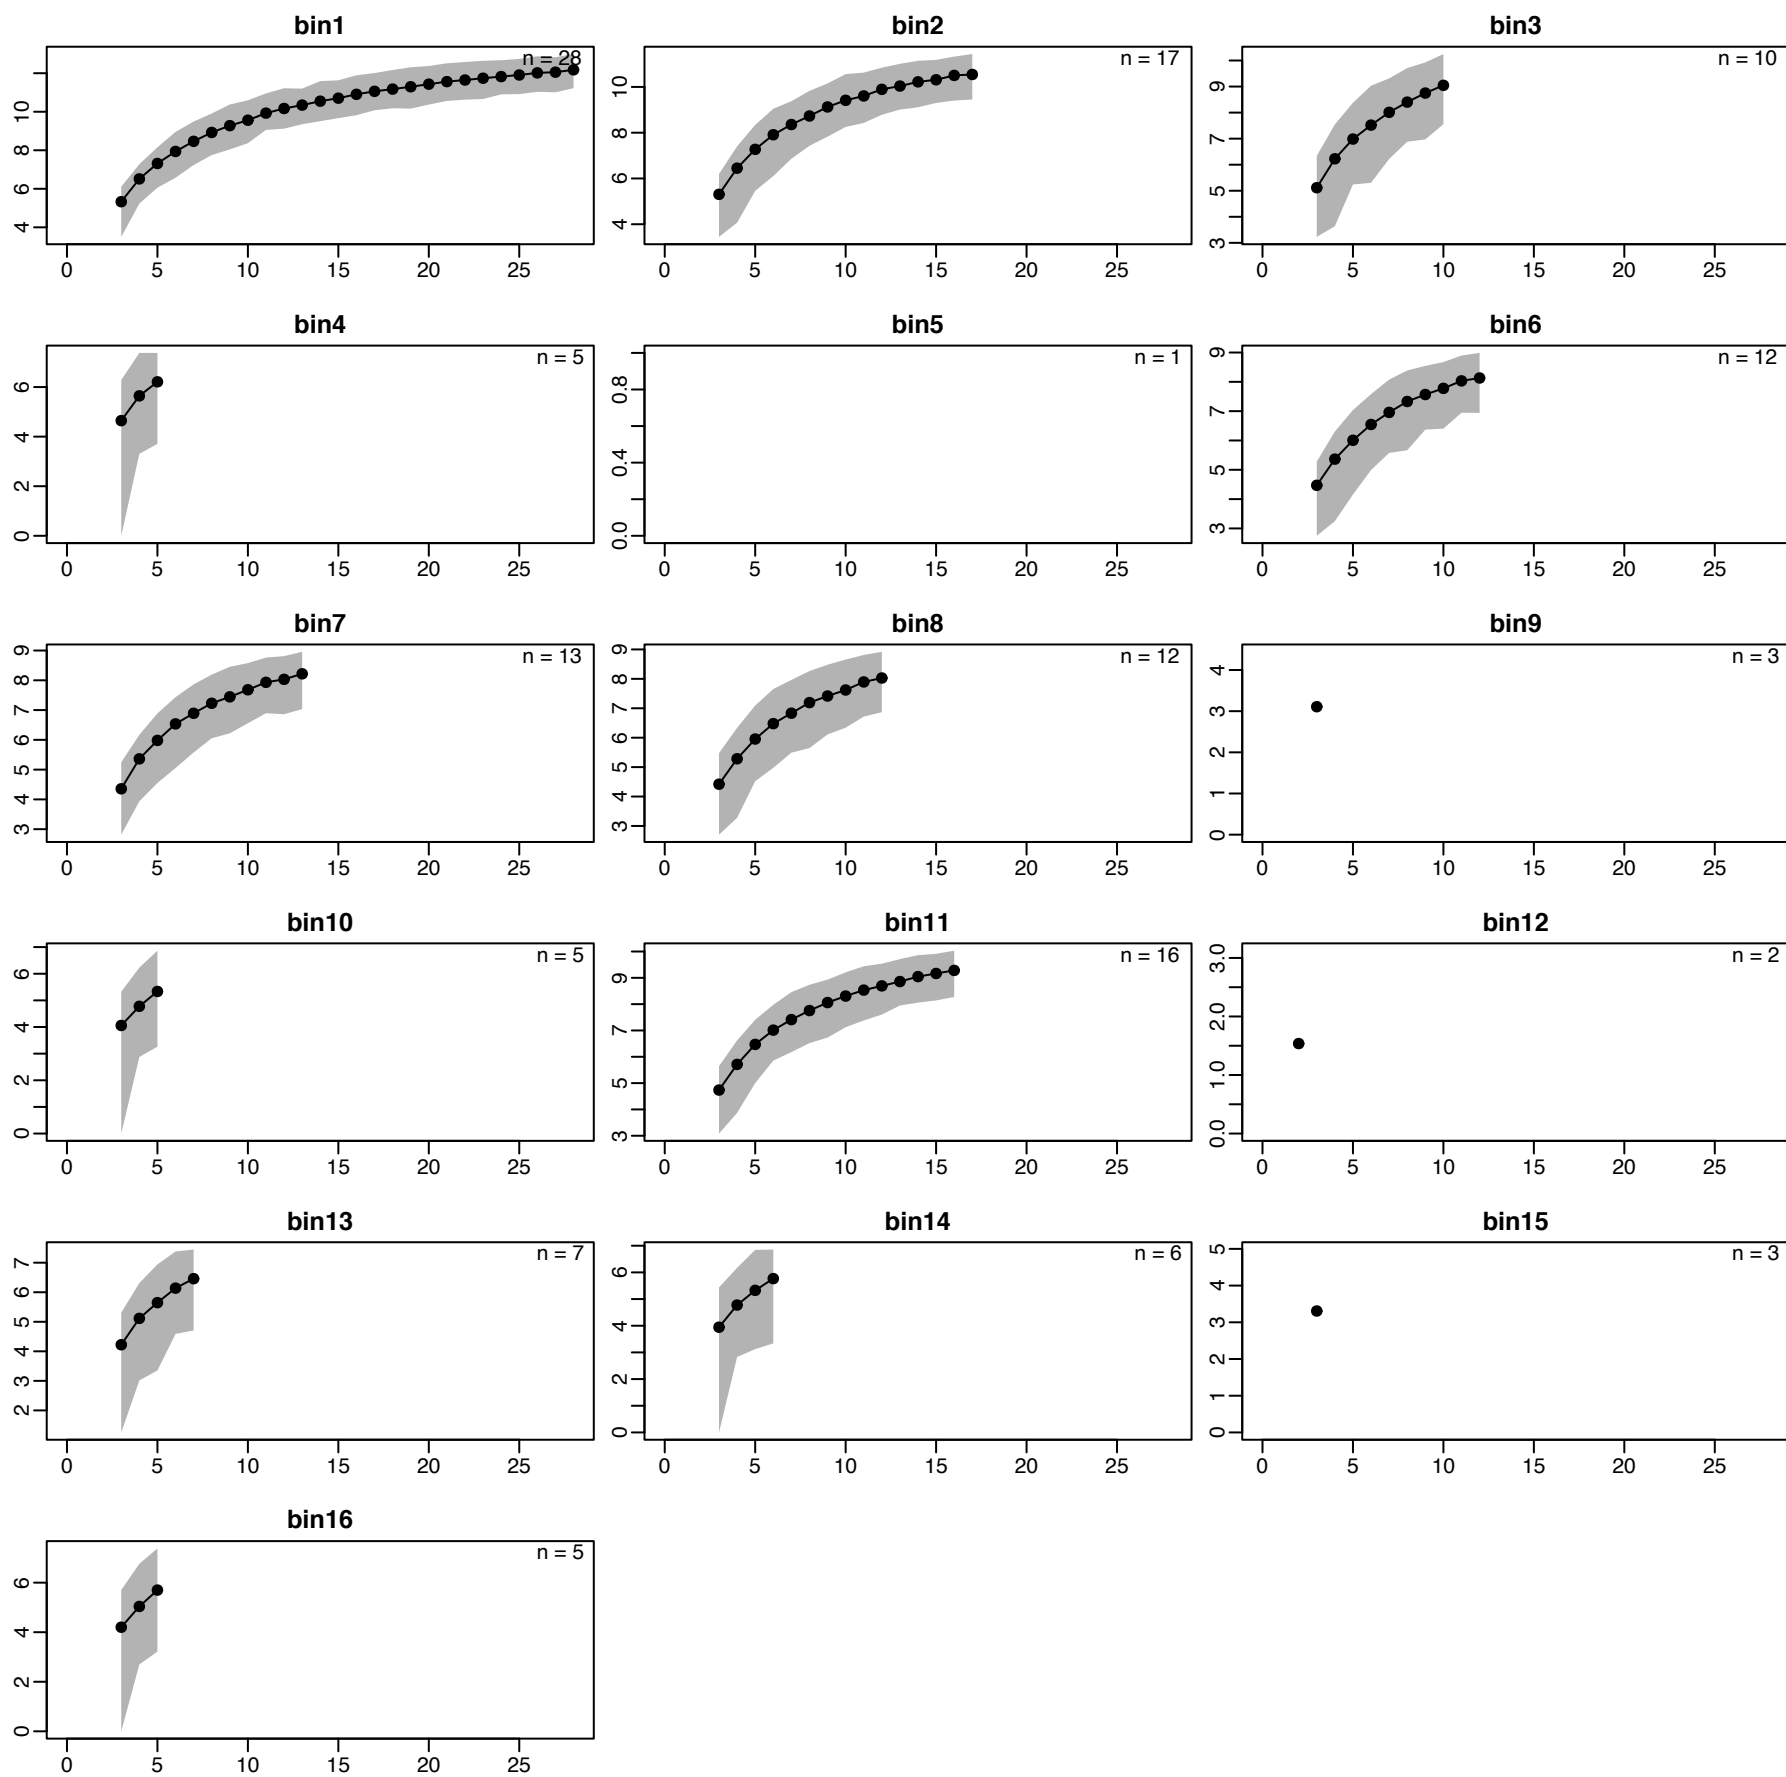

# Rarefaction curves: mean sum of ranges of uncorrected GED distance matrix in 10 Ma bins

# Rarefaction curves: mean sum of ranges of uncorrected GOW distance matrix in 10 Ma bins

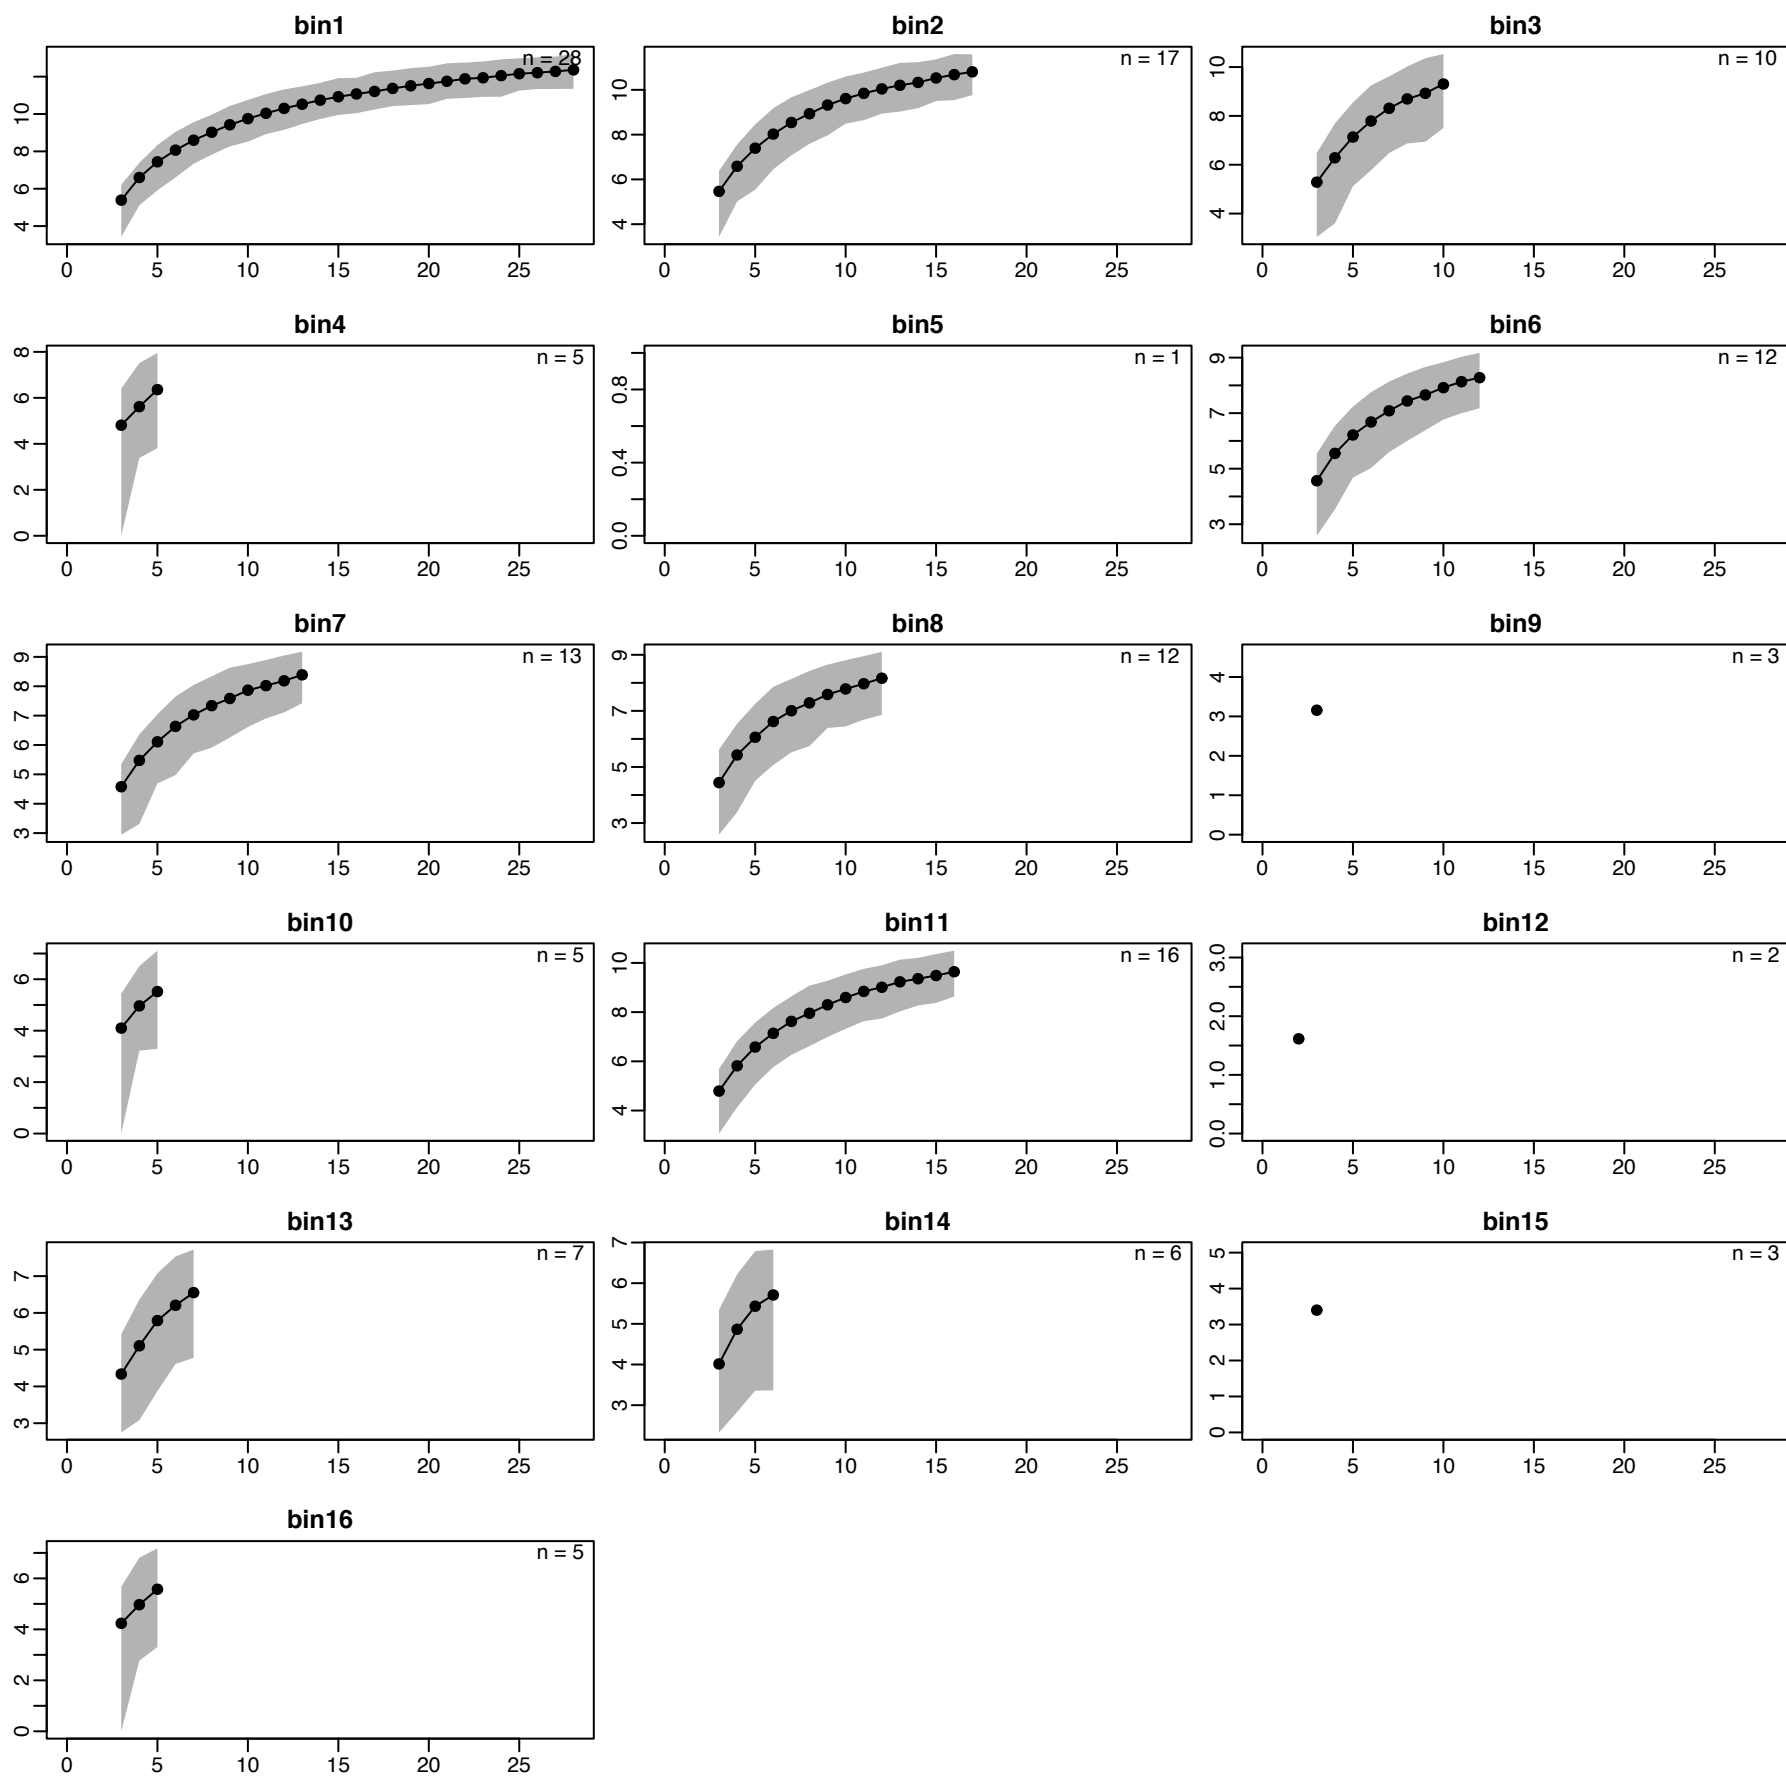

Mean sum of ranges

Taxon count

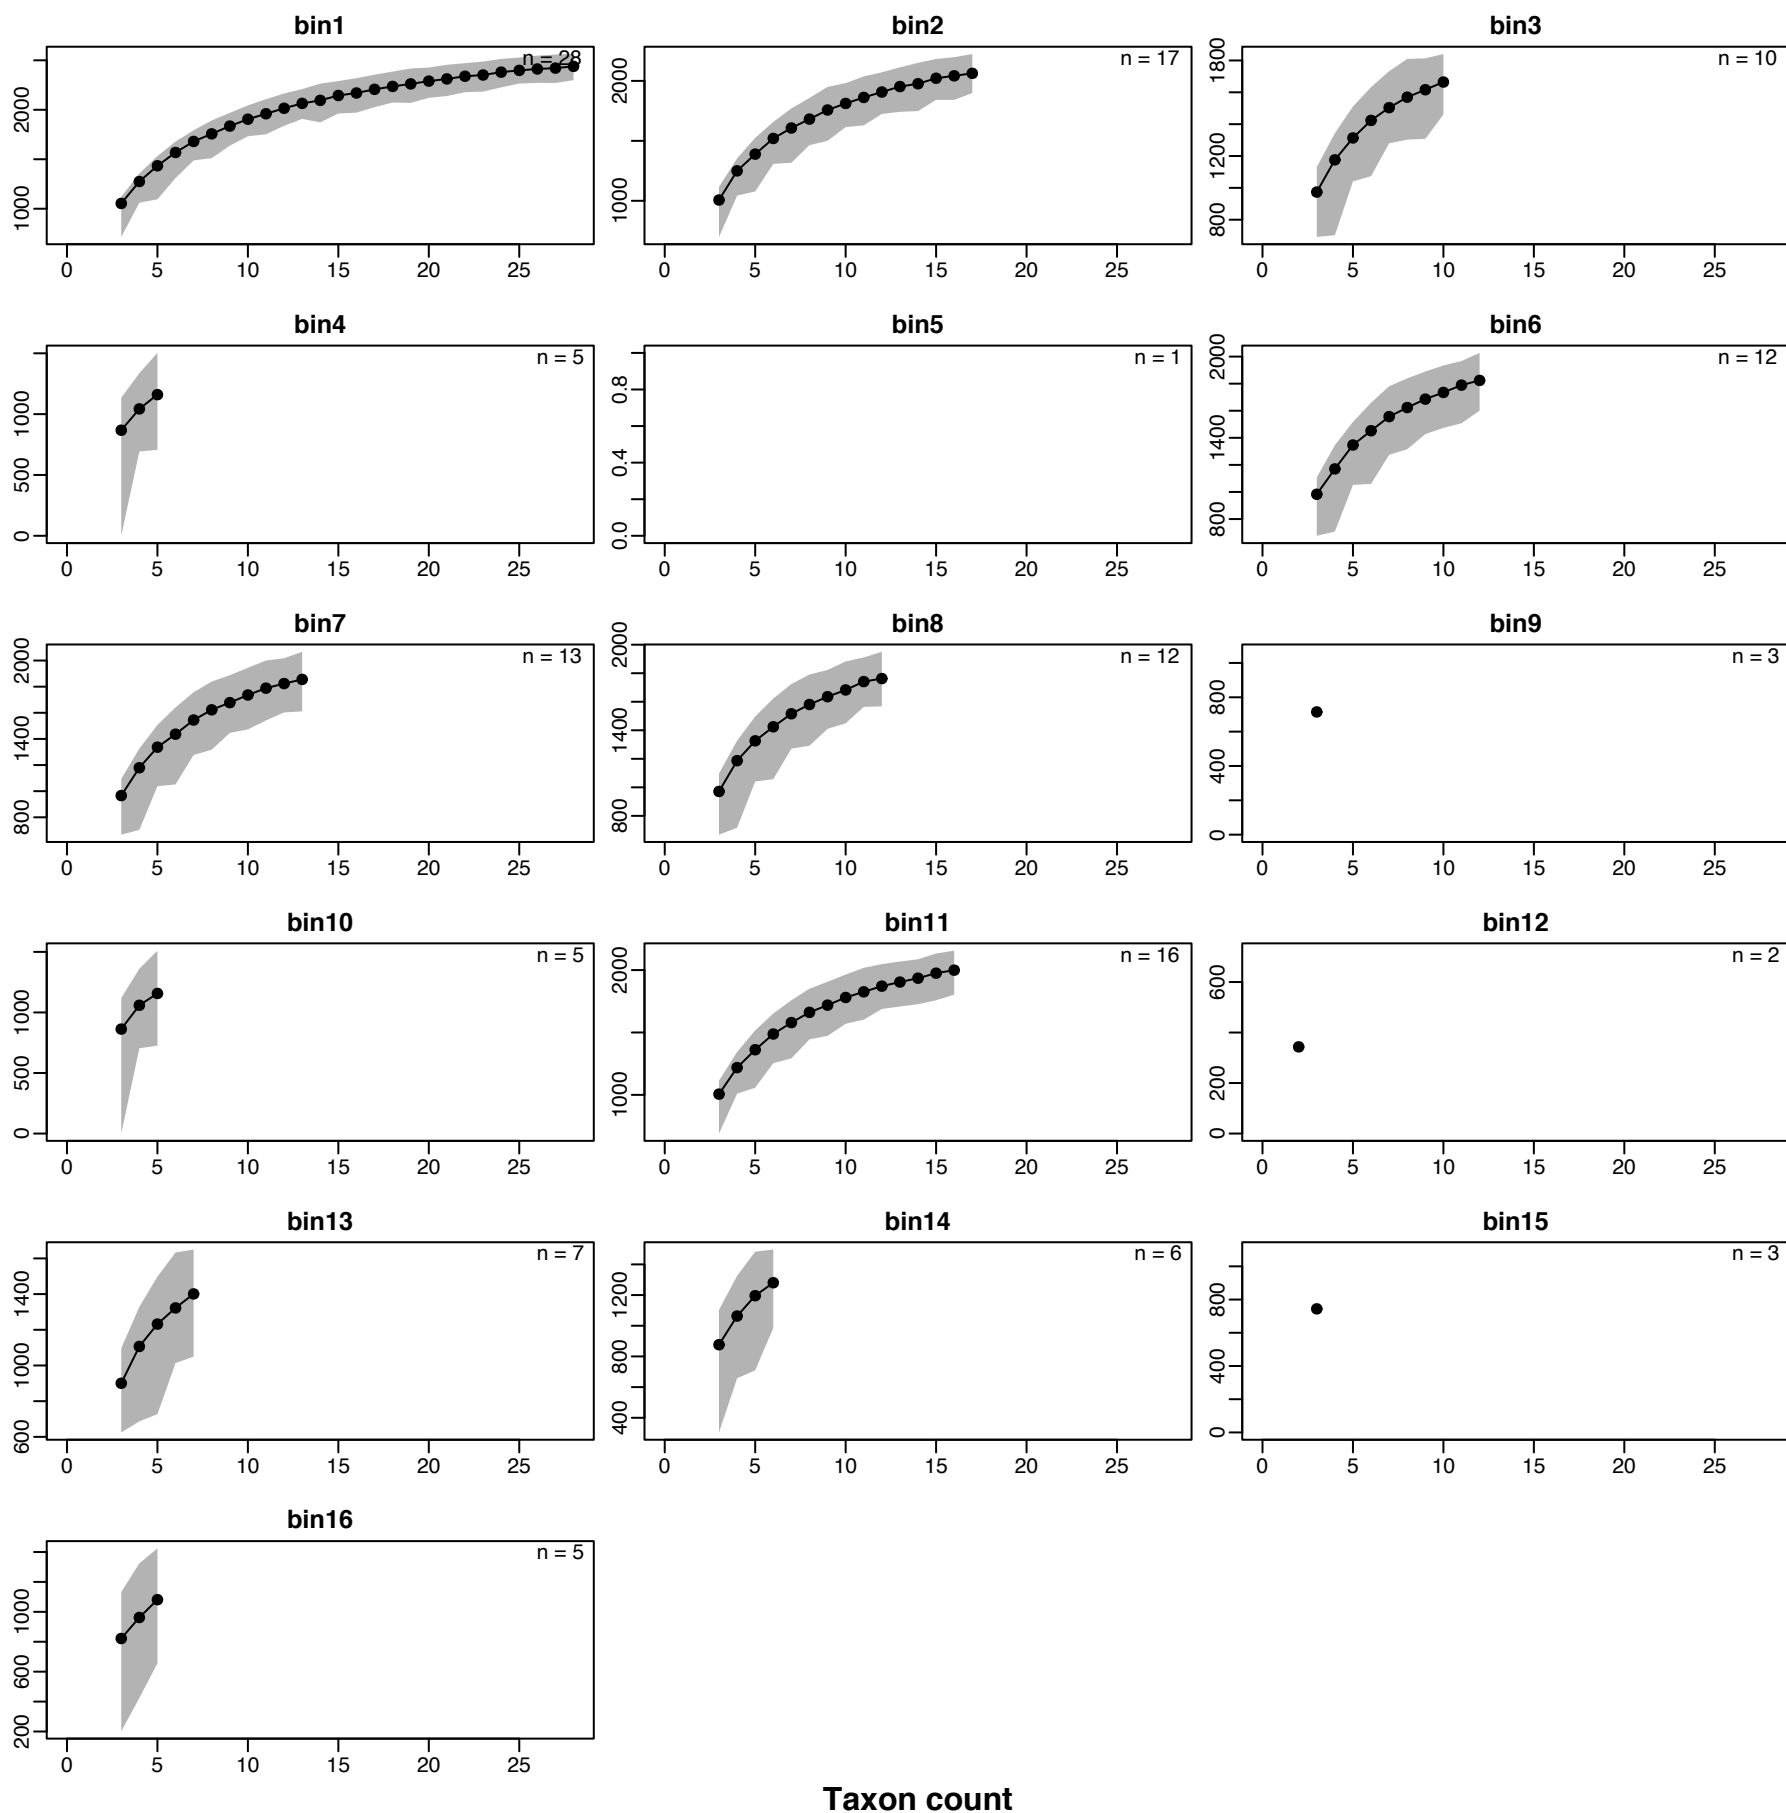

# Rarefaction curves: mean sum of ranges of uncorrected MAX distance matrix in 10 Ma bins

Mean sum of ranges

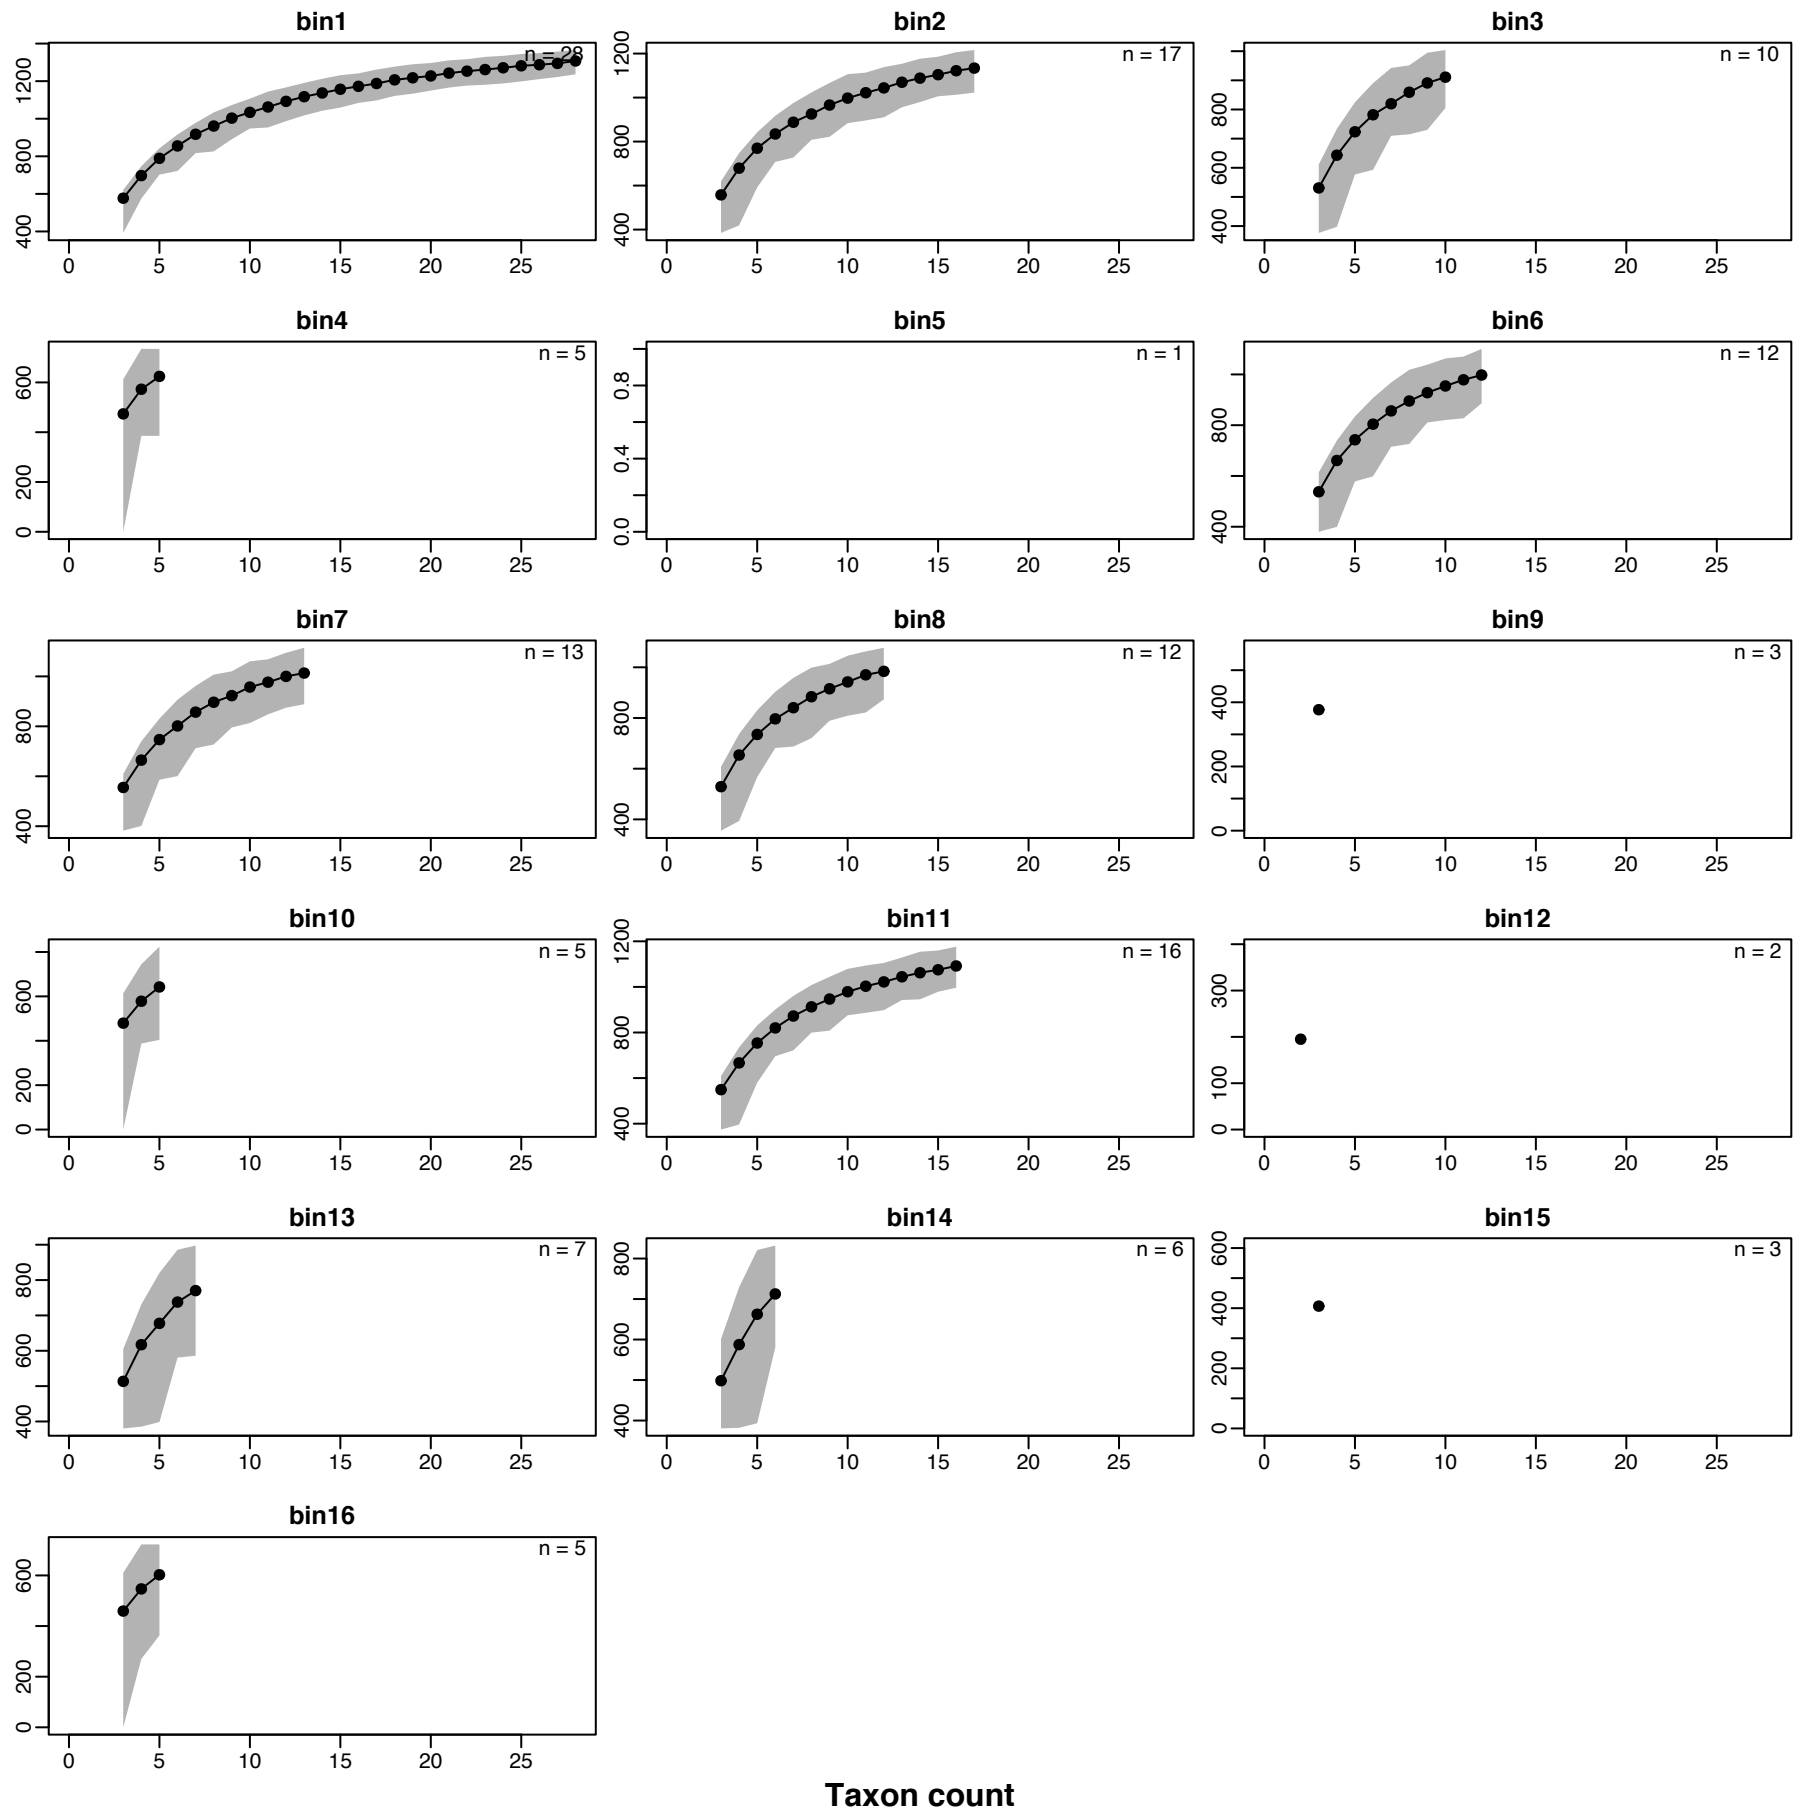

Taxon count

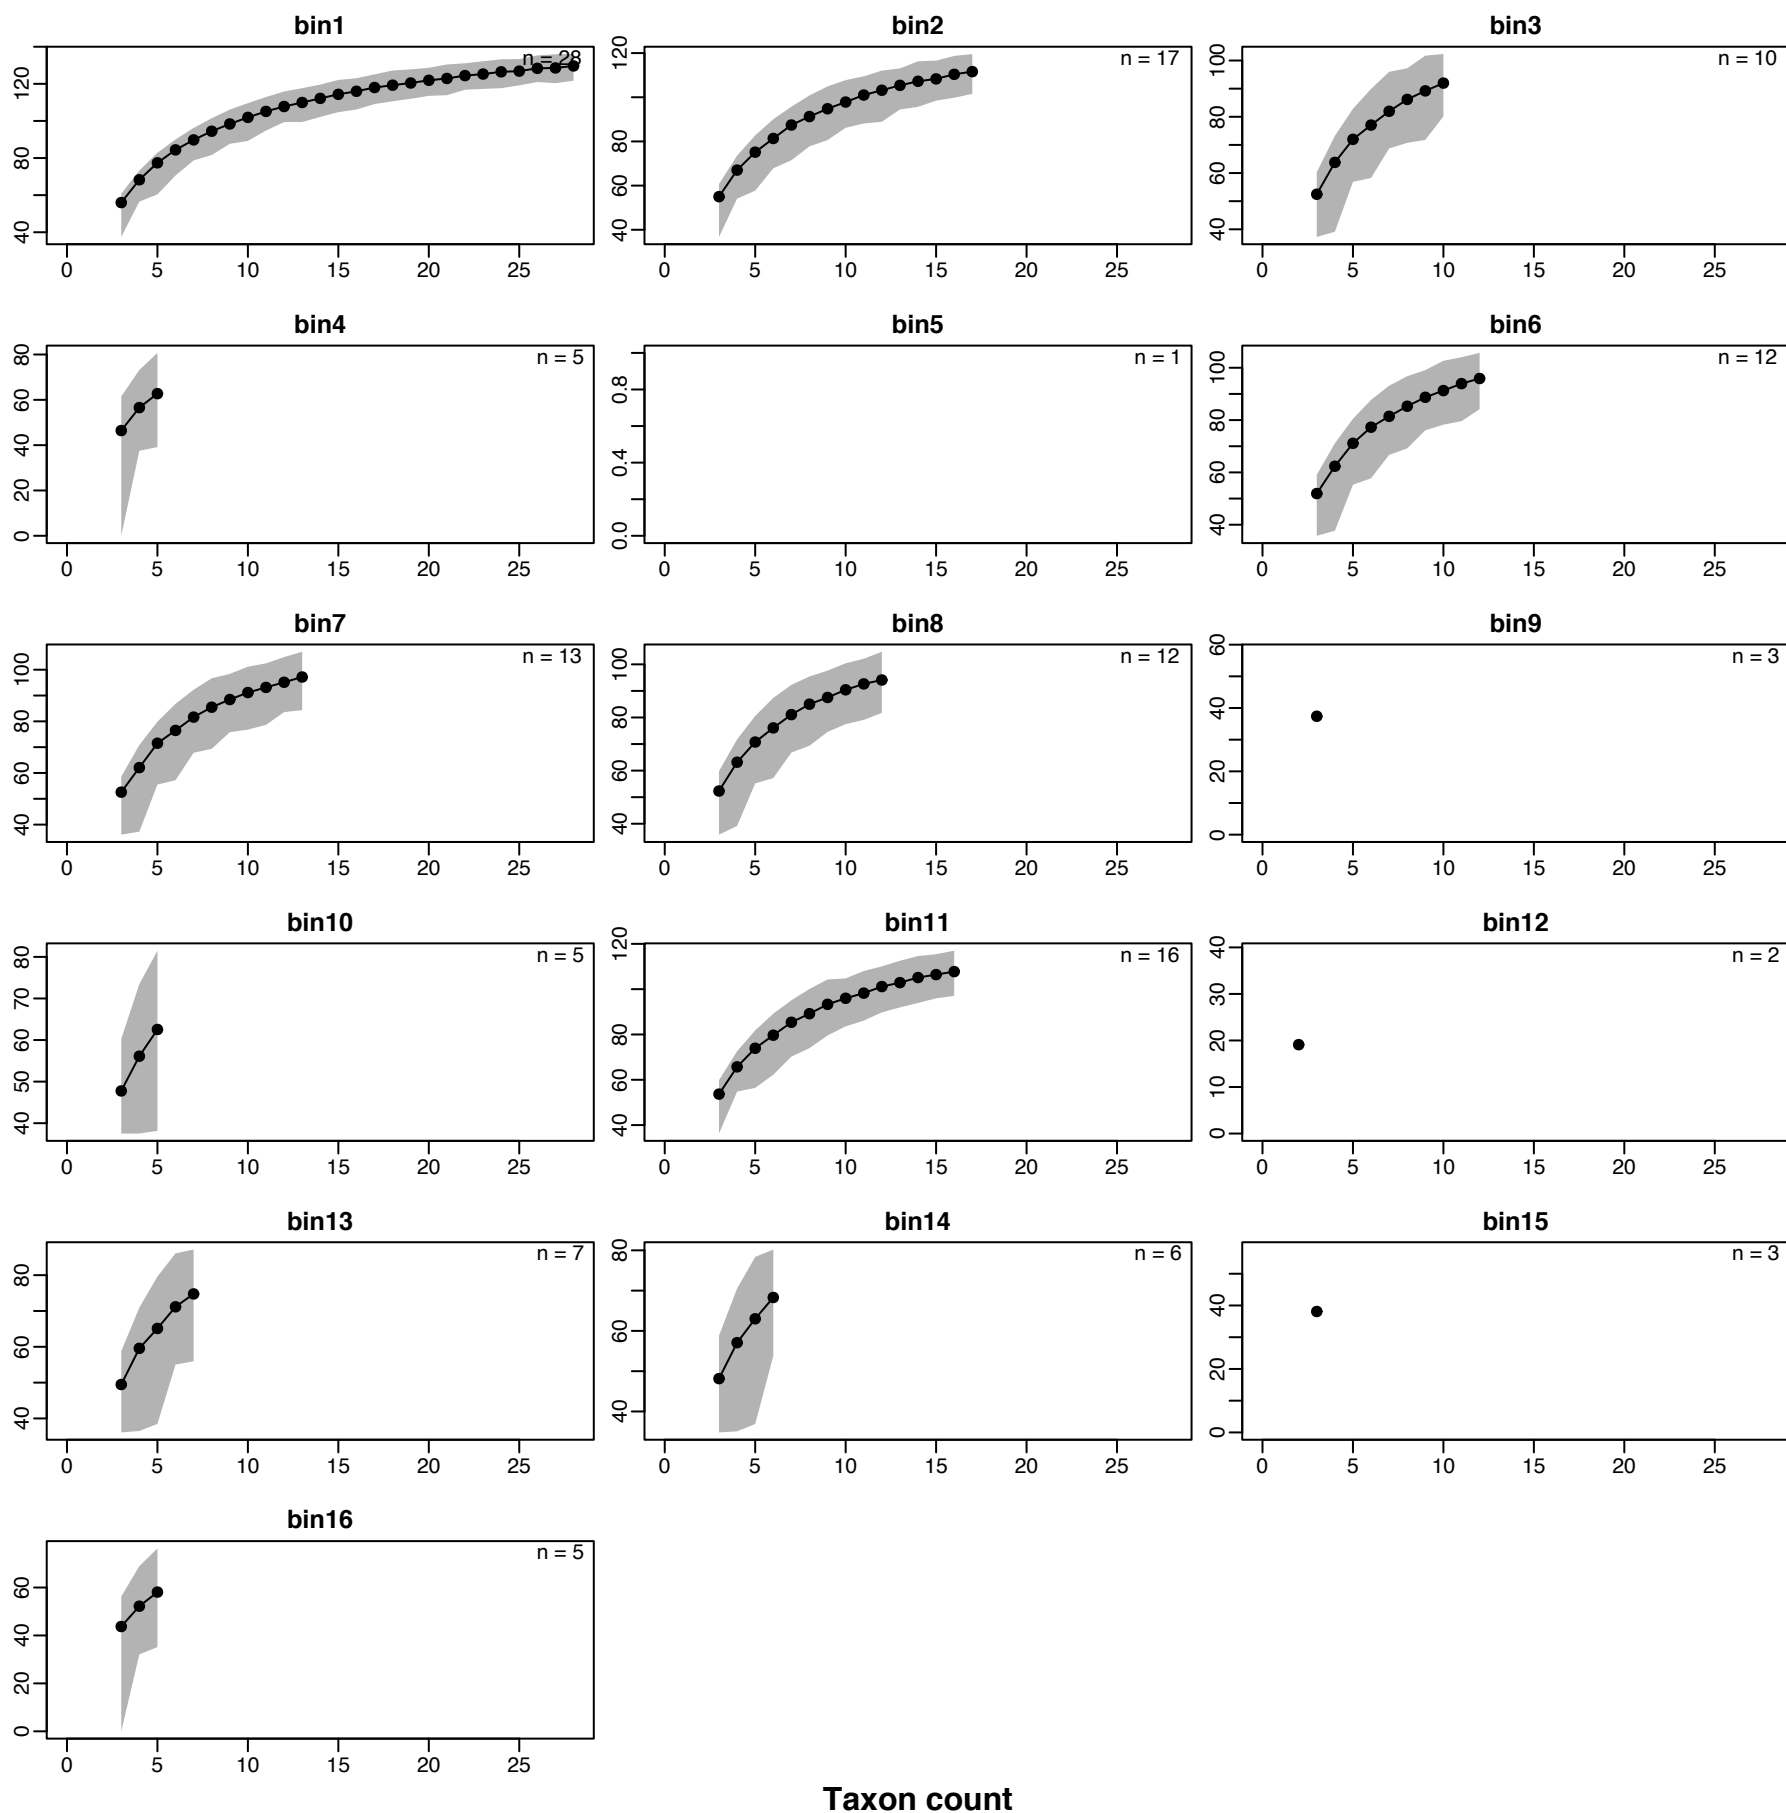

# Rarefaction curves: mean sum of ranges of Caillez-corrected RAW distance matrix in 10 Ma bins

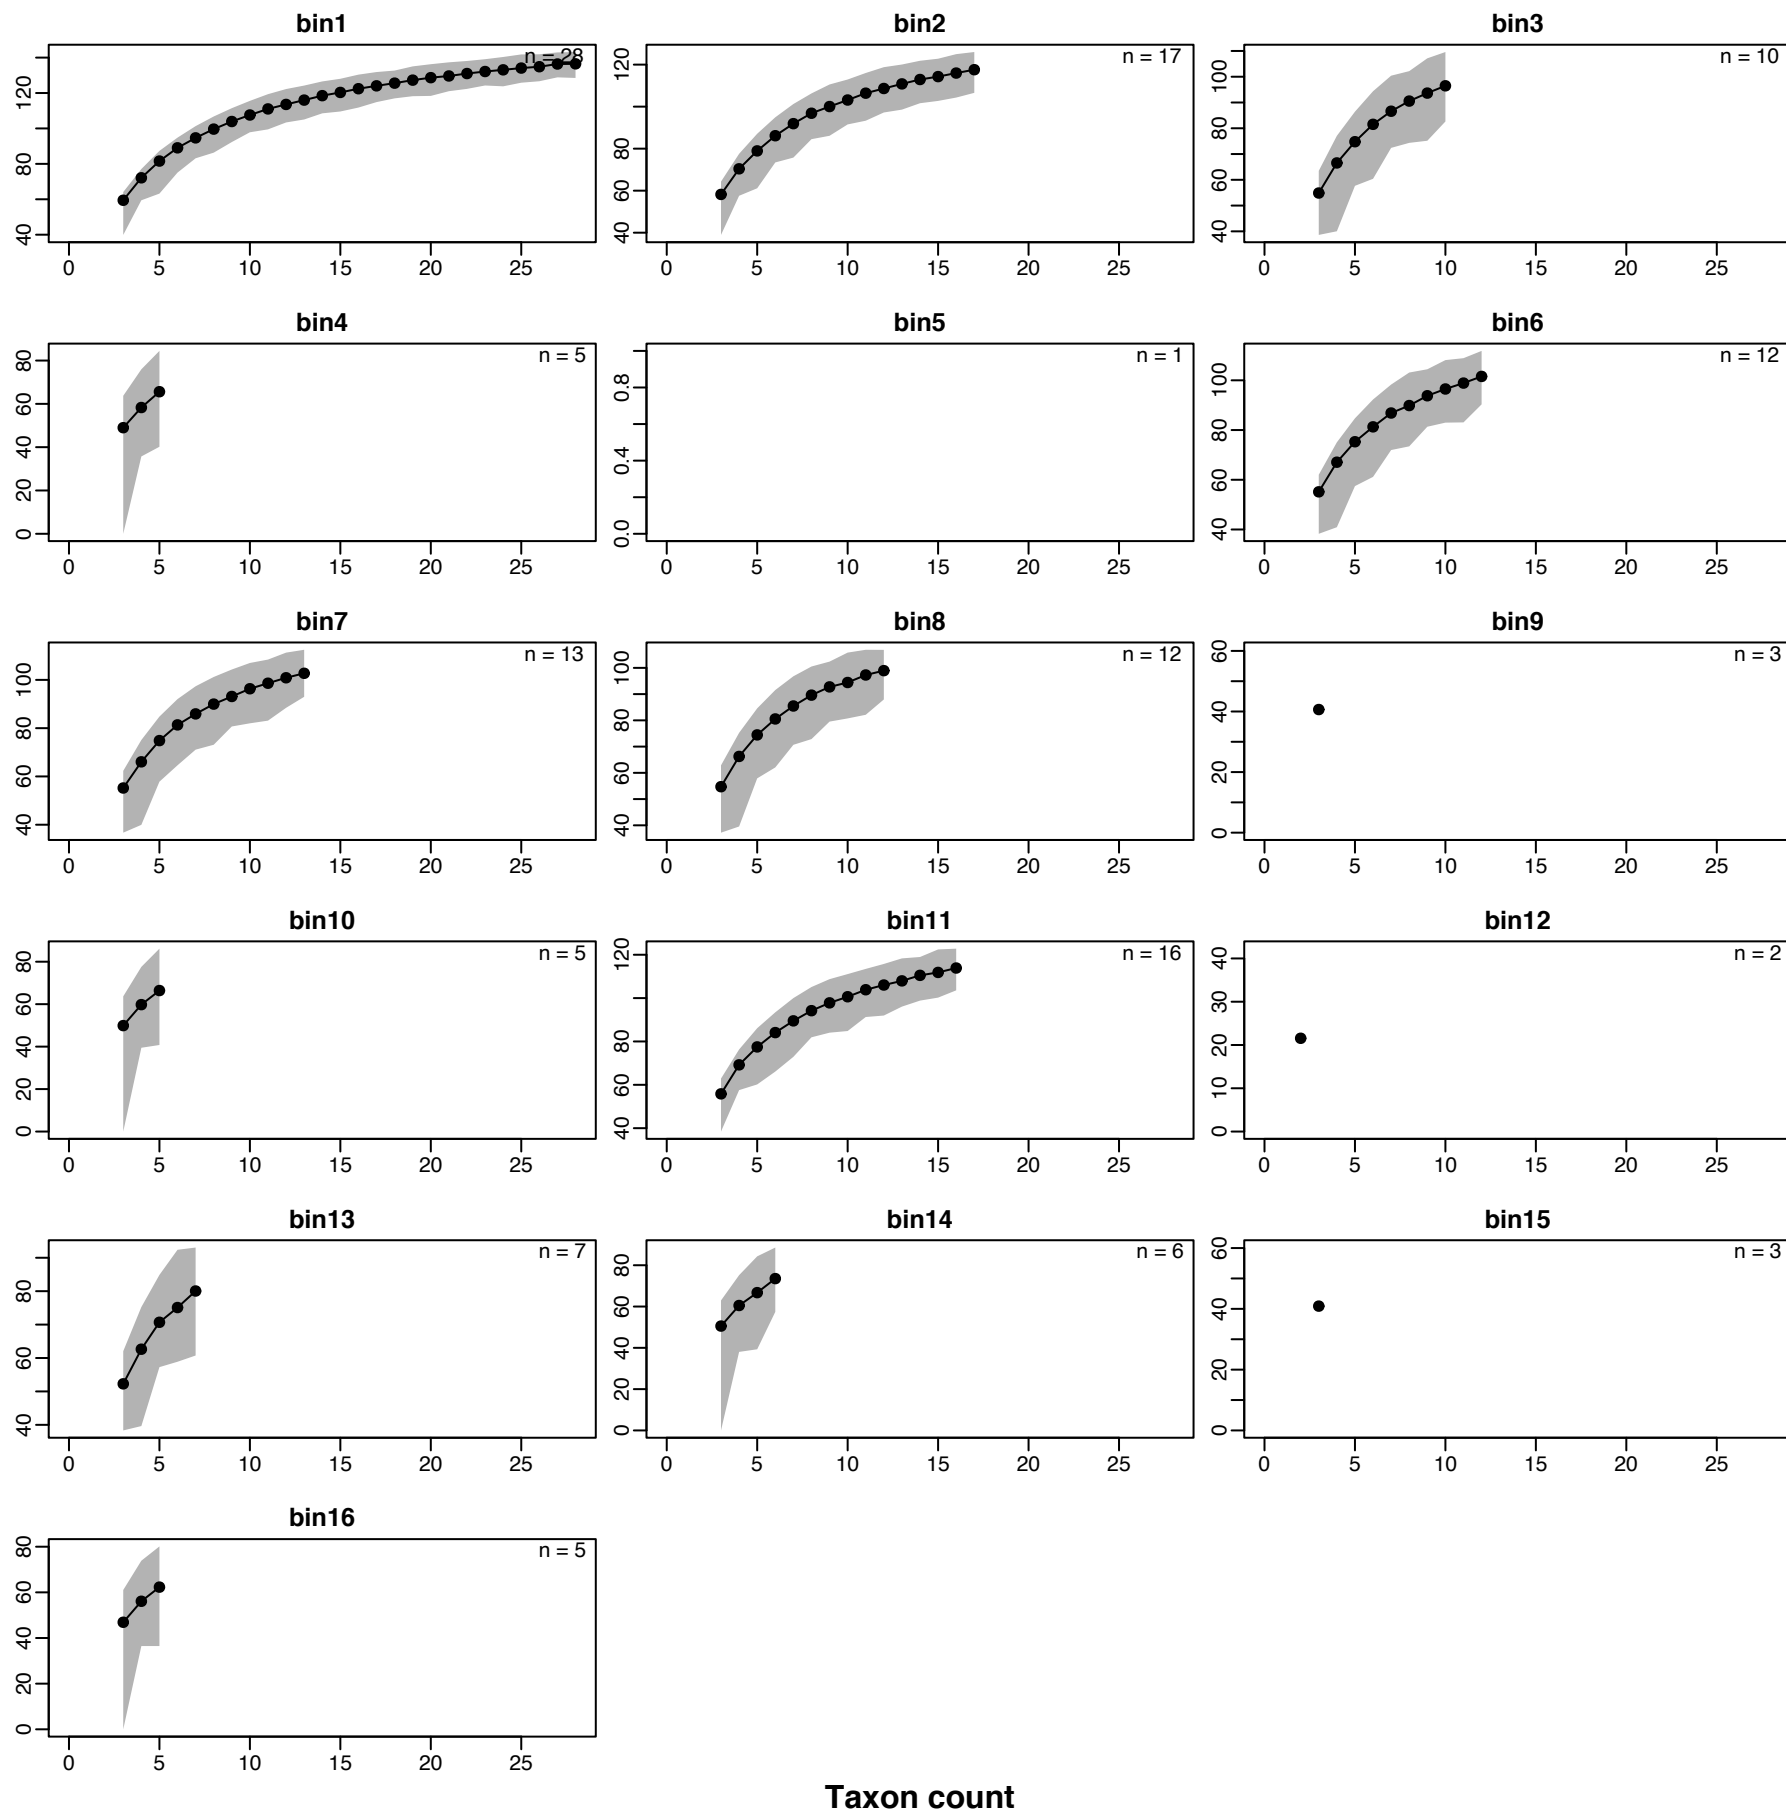

# Rarefaction curves: mean sum of ranges of Cailleux-corrected GED distance matrix in 10 Ma bins

# Rarefaction curves: mean sum of ranges of Caillez-corrected GOW distance matrix in 10 Ma bins

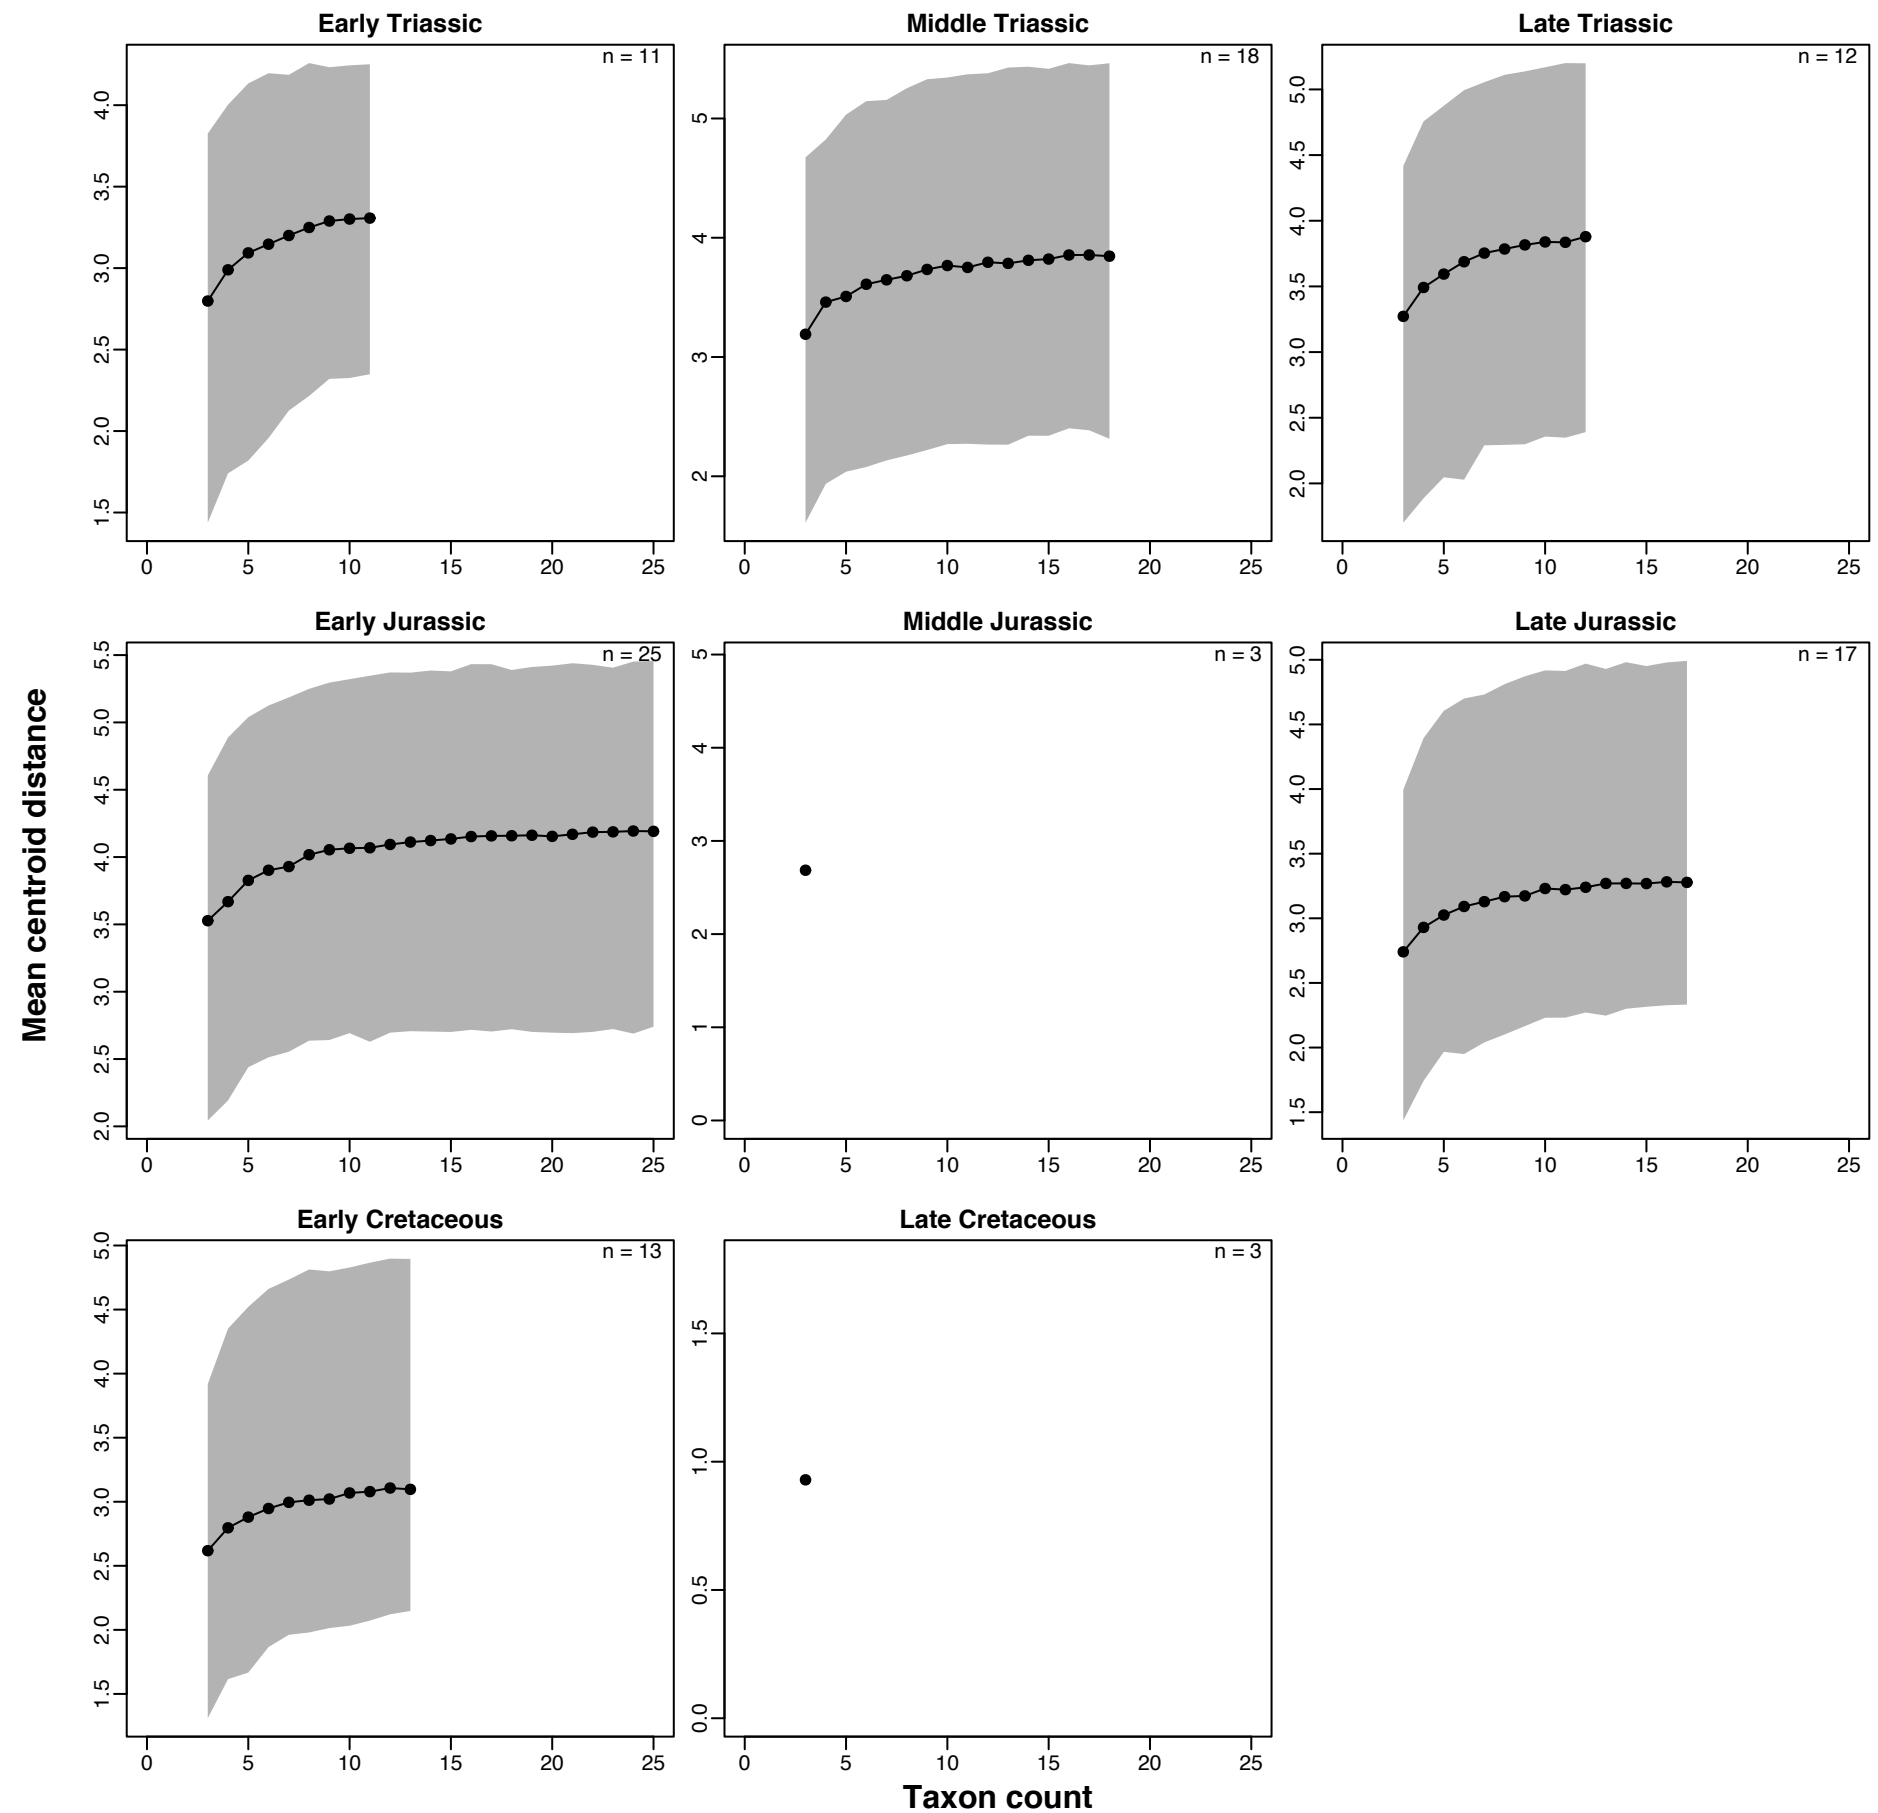

# Rarefaction curves: mean sum of ranges of Cailleux-corrected MAX distance matrix in 10 Ma bins

# Rarefaction curves: mean centroid distance of uncorrected RAW distance matrix in epoch-length bins

# Rarefaction curves: mean centroid distance of uncorrected GED distance matrix in epoch-length bins
